NO. 129—SIXTY-SECOND YEAR VICTORIA, BRITISH COLUMBIA, FRIDAY, MAY 14, 1920 TWENTY PAGES

CARRANZA TROOPS ARE DRIVEN FROM THEIR POSITIONS

Portion of His Force Said to Be Retiring Northward to Facilitate Escape of Others—Ground Abandoned Only After Defenders Had Been Surrounded by Revolutionaries.

AGREEMENT IS FINALLY REACHED FOR SURRENDER OF MATAMOROS

VERA CRUZ, May 13.—President Carranza's troops, which had been standing at bay north of San Marcos, in the state of Puebla, have been driven from their positions, according to advices received here tonight. Part of the president's small army is advancing toward the north, in the direction of the state of Hidalgo, apparently for the purpose of opening a path for the remainder of the troops still loyal to Carranza to make their escape.

EL PASO, Tex., May 13.—President Carranza of Mexico is surrounded and in desperate straits at Rinconada, near Esperanza station, in the state of Puebla, according to a telegram from General Alavaro Obregon received tonight by Roberto V. Pesquira, financial agent for the revolutionists here.

Instructions have been given to allow Carranza to leave the country in safety, Obregon's message said.

BROWNSVILLE, Tex., May 13.—Matamoros, the last remaining stronghold of the Carranza government along the Texas-Mexican border, will be surrendered to the revolutionist forces Friday morning at 9 o'clock. That was formally announced tonight, following a long series of conferences between General E. Reyes, revolutionist, and General Rafael Colunga, Carranza commander of Matamoros.

Mexican rebel forces after evacuating Reynosa, sixty miles west of Matamoros, when they were advised early today that a trainload of Federal troops was approaching from Monterey, reoccupied the town a few hours later and sent a courier demanding the surrender of Matamoros. A large band of rebels was reported six miles west of Matamoros at noon. Reyes, a revolutionary agent, crossed to Matamoros to negotiate with Gen. Rafael Colunga, the Federal commander, for the surrender of the town.

Governor Gustavo Espinoso Mireles, of the Mexican State of Coahuila, crossed to the United States side at Rio Grande City early today. Mireles was quoted as saying that the governors of Tamaulipas, Neuvo Leon and San Luis Potosi are now across the Rio Grande opposite Fort Ringgold, Texas, awaiting transportation to the United States side.

VERA CRUZ, May 13. — Furious fighting between rebel troops and forces commanded by President Carranza, occurred yesterday at Hacienda Tamaris, on the Mexican National Railway north of San Marcos, State of Puebla, according to dispatches received here. The area of the battlefield is reported to be approximately five square miles. President Carranza is said, in wireless messages from Mexico City, to have personally directed the operations of his troops for eight hours on Tuesday.

TEST MAIL TRIP TO BE MADE SOON

Postal Officials at Seattle Are Making Arrangements for Experimental Flight to Victoria—Benefits of Service

SEATTLE, May 13.—A test trip on which mail will be carried by hydro-airplane from Seattle to Victoria will be made within the next few days, postoffice officials announced this morning, after a conference with Edward N. Gott, vice-president of the Boeing Airplane Company.

It is expected that regular service will be authorized by hydro-airplane by July 1, instead of September 1, as previously announced, Postmaster Battle said this morning. It is the intention of postoffice officials to hold the hydro-airplane, when the service is established, for from 12 to 20 hours after the last mail leaves by train, to connect with vessels leaving Victoria for the Orient, and then to send it by the direct air route to Victoria.

The service will be a special accommodation to commercial firms which would otherwise have mail delayed until the next boat. Details of operation are in the hands of Edward McGrath, superintendent of the railway mail service for the district, and Charles M. Perkins, superintendent of mails is investigating weights and amounts of mail going to the Orient.

SEEKS FUNDS TO BUY RAILWAY EQUIPMENT

NEW YORK, May 13.—The Canadian Government is seeking funds here with which to purchase equipment for its railroads, it was announced tonight. William A. Reed & Co., bankers, who have been associated in the past with Canadian railroad financing, admitted that negotiations had begun but stated no definite plan had been formulated. It was learned the Canadian Government is considering an issue of $15,000,000.

Approximately $27,000,000 of Canadian equipment securities already have been distributed to investors through this market, it was said.

BRITAIN UNAWARE OF IRON RESOURCE

Sir John Randles, English Steel Magnate, Surprised to Know of Commercial Possibilities Existing in This Province

Sir John Randles, member of the British House of Commons, though at the head of the United Steel Company, a recently formed amalgamation of several of the largest iron and steel producing corporations of the British Isles and one of the most prominent figures in the British industry for nearly three decades, has not even a casual acquaintance with the iron resources of the Province of British Columbia. When asked at the Empress Hotel, last night, whether, to his knowledge, this field had ever been placed before the steel magnates of the Old Country as a possible location for an extension of English operations, or a Province of great potential iron wealth that would be attractive to the British investor, he said he was afraid he would have to show his ignorance in the matter. In search yesterday, in a casual way, for information concerning the mineral deposits in this region, he was handed a "handbook" on the mineral wealth of the Province at the Parliament Buildings. He had not found time to read it up to last night, but was under the impression that it treated with the mineral resources generally.

Sir John's impression of the possibilities of this Coast in iron was drawn from a report sent back some twenty-five years ago by members who had withdrawn from the company he afterwards became the head of, at Workington, England. Those men were under the impression that the resources of the Old Country were becoming exhausted and were looking for a new field. They came to British Columbia and, after looking over the field, decided to locate near Seattle. One of the party was Mr. Dave Kirk, and the location they selected afterwards became known by the name of Kirkland, on the east shore of Lake Washington, opposite Seattle. He believes a small oven was set up, but the operation was unsuccessful in a commercial way because the raw product was not adequate, he understood.

Chary of State Ownership

It was pointed out to Sir John that the *Provincial Government*, besides arranging a bonus as an inducement to private enterprise to establish an iron industry here, had so much faith in the possibilities that intimation had been made that, lacking such initiative, it would embark on some sort of state owned enterprise. To this the ironmaster smilingly responded: "I should be very dubious about such a Government scheme. You know governments have a habit of wasting a lot of the public's money when embarking in commercial enterprises. They are very seldom practically handled. I should say that a better plan would be for them to offer security for the expenditure of private management. They will find that when the direction of an industry has an interest in it, the undertaking will be more efficiently managed."

Sir John Randles did not believe that British iron interests would be found interested in foreign extension at the present time. They had too many problems at home, he said. It was taking all their resources to keep their established plants working to anything like capacity. There was a bigger market contiguous to England than they could hope to supply for several years to come. They could not mine the ore fast enough, or get sufficient coke, to manufacture iron and steel on a capacity basis. France had undermined their coal and coke supply by overbidding them, and only since he had left England had he been advised of a

RAILWAY OFFICIALS PLAN UNIFORM RULES

VANCOUVER, May 13.—The shipper who points to the better treatment which shippers on other railroads receive will have his cause of complaint removed if the plans discussed at a meeting of the British Columbia branch of the Canadian Railways Association today mature.

Uniformity of service was considered by the representatives of the freight and passenger departments of seven railroads operating in this Province, and several committees were chosen to investigate traffic rules of all the roads with a view to selecting all the good ideas and moulding them into a uniform set of rules for the Province, and perhaps for the Dominion.

Rates did not come up for discussion.

MUCH PULPWOOD LOST BY PAPER COMPANY

SYDNEY, N.S., May 13.—Pulpwood valued at nearly half a million dollars, the property of the Cape Breton Pulp and Paper Company, went through the booms on the North River at Murray, C.B., last Sunday, and was swept out to sea.

The pulpwood probably will become a total loss to the company. The break in the main boom across the river occurred while the river was swollen to a high level by Sunday night's rain.

HECKLE SPEAKERS ON IRISH QUESTION

Winnipeg Veterans and Others in Audience Dislike Utterances of Lindsay Crawford and Rev. A. H. Irwin

WINNIPEG, May 13. — Lindsay Crawford, of Toronto, and the Rev. Dr. A. H. Irwin, Presbyterian minister, of County Antrim, Ireland, addressed a meeting of between two and three thousand tonight on the Irish question, arguing in favor of self-determination.

There were frequent interruptions, especially when the speakers touched upon what might be called modern aspects of the question, and at the conclusion they were peppered with questions until practically all the audience began to leave. There was nothing in the way of disorder, although if the police, six or seven of whom were present, had heeded the cries of the more vehement supporters of the visitors to throw out the interrupters, the operation might have been attended with more serious consequences.

Quite a few of them wore the button of G.W.V.A. It was these who interjected the question at Mr. Crawford: "Where were you in the war?" And who asked: "Why did the South of Ireland supply gasoline to the German submarines in the war?"

Dr. Irwin denied the statement that he had been refused his passports by the British Government, and said he had come across the ocean for the benefit of his health. When he was here, he went on to say, he considered it his duty to explain the Irish situation.

GEORGE GETS AWAY IN SPITE OF STRIKE

Started North Last Night—C.P.R. Unaffected—Union Steamship Boats Still Tied Up

VANCOUVER, May 13.—Packed to capacity the G. T. P. steamer Prince George left tonight for Stewart via Ocean Falls, Swanson Bay, Prince Rupert and Anyox. She is due to arrive back in Vancouver next Tuesday. The George is moving despite the seamen's and firemen's strike on coastwise vessels.

The strike still continues, but without effect on the C. P. R. passenger services. The Union Steamship Companys' boats are still tied up, a dozen being clustered about the Carrall Street docks. The Canadian Fishing Company tied up the steamer Canada today when the firemen quit, and discharged the rest of the crew. The Imbrecaria was laid up under similar circumstances last week.

HEALTH OF PREMIER IS MUCH IMPROVED

OTTAWA, May 13.—Sir Robert Borden, who returned home from the South yesterday, is stated to be in good general health at the present time. The last three weeks or so are said to have had a very beneficial effect on his health. At present, it is stated, the Prime Minister is getting back into harness gradually. Today he spent some time in cabinet council, and he will spend the next few days getting back into touch with matters of business which have been awaiting his return.

It is intimated that any statement the Prime Minister may have to make with regard to his future plans and intentions probably will be first made to a gathering of Unionist members of both Houses. As the Senate has adjourned until after May 24, there is said to be likelihood of the caucus being deferred until after that time.

CAPTAIN HOSE WILL BRING OUT WARCRAFT

OTTAWA, May 13.—Captain Hose, chief of the Canadian naval staff, will leave shortly for England to supervise the arrangements attendant upon the bringing to Canada of the war craft which the British Government has donated to the Dominion.

The gift, as announced to Parliament some time ago, consists of one cruiser and some lighter vessels.

AUSTRALIA FOR WHITE RACES

Sentiment of Commonwealth People as Set Forth by Mr. Watt, Treasurer, Now on Visit to Britain

ANGLO-JAPANESE ALLIANCE QUESTION

Closer Co-operation of Mother Country and Dominions Advocated as Safeguard Against "Yellow" Influx

LONDON, May 13.—The question whether there is to be a continuance of the Anglo-Japanese alliance is being brought before the British public by the presence of W. A. Watt, treasurer of the Australian Commonwealth, in England.

Mr. Watt arrived in London this week, and has given out a number of interviews in which he urged closer co-operation between Great Britain and her Dominions with regard to foreign policies, and emphasized Australia's determination to remain "a white man's country." At a dinner given in his honor, which was attended by Viscount Milner, Secretary for the Colonies, and numerous other men in public life, Mr. Watt, in an address, said:

"The dominant thought in our minds has been that, in Southeastern Asia, live 800,000,000 colored people, and the Australian people say that whatever can be done to keep our country for the British and their children should be done. We know that we could not repel an army assault by the great yellow and brown nations, but we believe that in the fullness of time the statesmen of the Empire will understand our attitude, and assist us to enforce it.

"If there are conversations in the near future between the representatives of Japan and the British Government, the Australian people want their views registered before the representative thinkers of our Empire."

SHOW PROGRESS OF METHODISM

Reports Read at Conference Indicate Prosperous Condition of Church—Educational Matters Are Dealt With

VANCOUVER, May 13.—Reports of the statistical committees read at the Methodist conference today show that an increase of $130,000 over last year was collected in the Province for all purposes, and that nearly 1,000 new members were received on the profession of faith. The total amount received for the year was $418,401, and an increase in all departments, including college and ministerial support, was recorded.

In the late afternoon the pastoral address by the Rev. W. Lashley Hall was given, dealing with the present and future policy of the Methodist Church, and delegations from the women's organizations were received. Miss Garbutt, of Victoria, reported that 5,144 calls had been made during the year and she also dealt with the care of the sick, giving an account of the stewardship of the Women's Association. Mrs. A. E. Roberts also reported on the Provincial Women's Mission Society, while Mrs. R. H. McDuffy reported progress of the educational class.

The evening session was taken up with the reception of educational reports, Dr. Scott moving the adoption of the report on the Ryerson College. He said that preparations were being made to be ready for the time when the removal to Point Grey would be consummated. A small committee was appointed to handle this matter. Dr. J. G. Brown seconded the resolution, which was unanimously carried.

In moving the adoption of the report with reference to the Columbian College, Dr. Sanford, the principal, said that $5,000 was being granted from the forward movement funds, which would go a long way to paying off the mortgage and expenses outstanding, amounting to about $28,000. He thanked all concerned for the generous support he had received as principal. The report was unanimously adopted.

The education of children was the fundamental task of the community, said Dr. J. W. Graham, general secretary of education, during an address at the evening session. It was the duty of the state to see that the children were so trained as to produce a maximum number of skilled workmen and a minimum number of unskilled. He said: "You cannot have democracy unless you first teach the people how to govern themselves." Dr. Graham spoke of the great importance of the education of the teachers and said that during the past 15 years the secondary school phase of school life in Canada and the United States had expanded more than any other phase. The main object of education was not to make Methodists, but to produce Christians, he declared.

Raider Moewe Surrendered

FIRTH OF FORTH, Scotland, May 13.—The German raider Moewe, which sunk so many allied ships during the war, has arrived here. It has been surrendered to the naval authorities.

SINN FEIN RAIDERS DESTROY BARRACKS ALL OVER IRELAND

ANNOUNCEMENTS MADE IN BRITISH COMMONS

LONDON, May 12.—Mr. Bonar Law announced in the House of Commons today that the Government had reached a decision on the royalties on oil deposits in Great Britain and a bill had been drafted. It was not proposed to permit fresh vested interests of landowners where oil was discovered.

On the passing of the Government of Ireland bill into law, the Irish representatives in the House will receive salaries out of the Imperial funds.

The Home Secretary said there were no soviets in the British Isles. He could not give the membership of societies actively preaching the soviet idea in Great Britain, but they included many aliens, and money support for their propaganda was coming from foreign sources.

The House took up the report stage of a new and more drastic profiteering bill.

PROVIDE ALCOHOL FOR INDUSTRIES

Amendment to Inland Revenue Act Proposed for Removal of Duty From Denatured Alcohol in Canada

OTTAWA, May 13.—A resolution of importance to manufacturing, farming, chemical and other industries in Canada, is likely to come before the House tomorrow in the form of proposed amendments to the Inland Revenue Act respecting the distillation of denatured and specially denatured alcohol.

One of the clauses of the resolution provides: "That denatured alcohol, and specially denatured alcohol which is intended for use in the arts and industries, or for fuel, light or power, or for any mechanical purpose, may be manufactured in Canada, free from excise duty."

This is the legislation which was urged by the advisory council on scientific research as a means of bringing "industrial alcohol" within the reach of all users, in the hope that it would prove a cheap and suitable substitute for gasoline, which is becoming scarcer and dearer each season.

Britons in Mexico

LONDON, May 13.—Cecil Harmsworth, Under Secretary for Foreign Affairs, informed the House of Commons today that arrangements are being made for a British warship to proceed to Mexico, should its presence be required. He stated reports regarding the safety of British subjects in Mexico continued satisfactory.

Early Closing By-Law Upheld

WINNIPEG, May 13.—Winnipeg's early closing by-law, which provides that certain shops must not carry on business between the hours of 6 p.m. and 5 a.m., was upheld as valid in a judgment delivered by the Manitoba Court of Appeal, and made public today.

Dublin Castle Announces That Fifty Were Blown Up or Burned on Wednesday Night—Tax Offices and Courthouses Also Visited—Two of Latter Are Destroyed

CIVILIAN KILLED AT BESSBOROUGH

Canon Wilkinson, of Downpatrick, Wounded in Course of Raid—Lord Birkenhead Pays Tribute to Courage of Constabulary—Concession Policy of Imperial Government

DUBLIN, May 13.—Fifty police barracks were destroyed in the raids Wednesday night, according to an official statement from Dublin Castle today. Twenty income tax offices were raided and the documents burned, and seven courthouses were also attacked.

The destruction of police barracks, as shown by the Castle communication, was almost as great as in similar attacks last Easter, when more than 60 barracks were attacked. Most of the barracks in the present case had been abandoned, and no loss of life was entailed.

Several attacks occurred in the counties of Antrim, Cork, Leitrim and Wexford, where one or two barracks were burned, including those at Cavan, Londonderry, Galway, Limerick, Meath, Donegal and Tyrone. The procedure in all cases was alike. Where caretakers were in charge they were first removed, then inflammable mixtures or explosives were applied to the huts and the buildings were burned or destroyed. In the revenue offices, if there were any occupants, they were ordered out or bound with ropes and then the documents destroyed.

Among the courthouses attacked were those at Cashel and Ballinamore. These were completely destroyed, with all documents. Armed guards were posted while the raids were proceeding, but all private property was respected.

Near Dublin

Some of the earliest reports came from the immediate vicinity of Dublin, among the barracks burned being that at Bessborough, situated only a half mile from the Viceregal Lodge. It was here that a pedestrian was shot and killed during the burning.

Near Londonderry an attempt was made to burn the police barracks at Carrigan, but residents extinguished the flames. The income tax collector's office in Londonderry itself was one of those raided by armed men, who burned the tax papers.

The wounding of Canon Wilkinson took place after eight masked men had raided the Downpatrick excise office, cut the wires and seized valuable papers. When the canon appeared on the scene he received a shot wound in the thigh. He was removed to an infirmary.

Support for Constabulary

LONDON, May 13.—Lord Birkenhead, Lord High Chancellor, speaking here tonight, referred to conditions in Ireland, and expressed his admiration for the courageous services of the Irish constabulary, a member of which never knew when the bullet of an assassin was awaiting him. He could not pretend to say that the Government had reached any solution of the difficulties in Ireland. He could say that it was the Government's intention to reinforce those brave men by every measure in its power.

Nothing is as yet disclosed as to the outcome of the conference between Viscount French, Viceroy of Ireland, and Andrew Bonar Law, the Government leader, today, and the Cabinet Council yesterday on the new policy for Ireland. It had been hastily assumed that Mr. Bonar Law's noncommittal statement in the House of Commons Wednesday meant the adoption of a stronger policy, but there are many indications that it would be equally safe to assume that the proposed change is in the direction of conciliation.

The Government concession of an independent tribunal of judges, whose names Mr. Bonar Law promised should soon be published, to investigate the cases of Irish prisoners detained without trial, seems to point in this direction. Moreover the new Irish Secretary, Sir Hamar Greenwood, declared yesterday that since his appointment he had signed no deportation orders, and had released many prisoners arrested on suspicion, among them Alderman O'Brien, secretary of the Irish trades union congress.

It is also worthy of note that there has of late been a surcease of nocturnal raids and less military display in Dublin.

Soviet's Experiment Is Ghastly Failure

Report of Colonel Ryan, American Red Cross Commissioner, Who Contrived to Visit the Chief Russian Cities—Bolshevik Government Described as Clearly Hopeless

WASHINGTON, May 12.—The Russian Bolsheviki Government is a "social adventure become a ghastly failure," according to Col. Edward W. Ryan, Red Cross commissioner for North Russia and the Baltic States.

Col. Ryan is just back from a surreptitious visit into Russia with the Esthonian peace delegation, and in a report received by the State Department he declared Russia cannot hold out six months longer without aid from abroad.

Ryan left Reval on March 23, travelling as a private citizen with the Esthonian mission. He spent the following day in Petrograd, arriving in Moscow March 26, returning to Reval April 2. His report was communicated to Robert E. Olds, Red Cross commissioner for Europe, and forwarded here.

Col. Ryan visited hospitals, schools, churches and theatres, and observed intimately a community life which he described as so hopeless as to have reduced himself in the ten days spent amidst it to despair.

The Government was "clearly hopeless," Col. Ryan said, and all Government officials admitted that the transportation problem would eventually result in the overthrow of the present regime unless help came from the outside.

Lacking outside help, a revolution is expected within six months, when "trouble of the worst kind must be faced," the report said, continuing:

"The general belief is that it will start with a gigantic pogrom, and the best that is hoped for is that from the welter a middle class intelligentsia may emerge."

At no time, he said, was he permitted to make any independent investigation. Except when he was asleep he was not alone for a moment. He saw, according to an explanation of Colonel Olds, what his guides saw fit to show him, and was unable to take notes.

Both Moscow and Petrograd were "indescribably filthy in appearance," Colonel Ryan said. The streets had not been cleared for four years and were at least ankle deep, in most places knee deep, in dirt.

Only part of Moscow is supplied with water, few electric lights were visible, and there was no coal and little wood, with the result that "everybody was cold," he said.

Meat on sale was mostly horse meat. The whole population seems absorbed mainly in obtaining food enough upon which to exist.

A daily ration of one pound is prescribed, but in reality has been reduced to one-quarter of a pound.

In a conversation with Symoskow, Minister of Public Health, Colonel Ryan inquired whether there had been any attempt to classify and register the poor.

"There are no poor," Symoskow replied. "In Russia all are equal and the same class."

The inhabitants of Moscow are so poorly clad that one gets the impression that it is regarded as a disgrace to be clean or neatly attired, the report said. Of the hospitals visited, 75 per cent of the personnel of one was said to have died in the preceding three months. Medical supplies were totally lacking.

VETERANS LISTEN TO MAJOR RETALLACK

VANCOUVER, May 13.—After hearing Major J. L. Retallack explain the circumstances of his removal from the position of public utilities commissioner, and accepting the suggestion that they attend in a body the Liberal members' meeting tomorrow night, the local Great War Veterans' Association tonight passed a vote of censure on Premier Oliver for what they declared "his uncalled for insult" in stating that Comrade Retallac was a whiner.

The Association also instructed the executive to invite Major Retallack to attend its meeting with such documents as he had, in order that the whole matter might be investigated and a suitable resolution be presented at the next general meeting.

GRAIN SHIPMENTS FROM LAKE PORTS

FORT WILLIAM, May 13.—During the navigation season of 1919, according to an official statement issued by the board of grain commissioners for Canada, 37,666,612 bushels of wheat, 13,127,479 bushels of oats, 11,169,283 bushels of barley, 494,567 bushels of flax and 785,550 bushels of rye were shipped by boat from Fort William and Port Arthur to Canadian ports.

Shipments to United States ports totalled: Wheat, 5,102,709; oats, 3,510,584; barley, 1,336,569; flax, 712,639; rye, 203,421; and elevator screenings, 41,787 tons.

Grand total for all grains shipped to both Canadian and United States ports.

SIR ARTHUR CURRIE TRANSFERS AUGUST 1

MONTREAL, May 13.—Sir Arthur Currie takes up his new duties as principal of McGill on August 1. In a statement today he says:

"I am severing active association with military life, but the service will always have a warm spot in my heart, and I hope that in the future I shall still be able to be of some assistance to that service, although I shall not be directly connected with it."

CABINET CRISIS ACUTE IN ITALY

Securing of Successor to Nitti Ministry Is Difficult Task—Another General Election May Be Found Necessary

ROME, May 13.—The cabinet crisis is considered one of the most difficult to solve because the Chamber is divided chiefly into two groups, Socialists and Catholics, neither of which is strong enough to constitute a majority, while an agreement between them is impossible on a common programme.

In addition, the Socialists absolutely refuse to participate in a government.

Some of the deputies suggest a cabinet formed by Signor Meda, leader of the Catholics, with Signor Lonomi, the present Minister of War, as leader of the Reformist Socialists.

Other deputies predict that Signor Nitti again will be entrusted with the task of forming a cabinet, because, they say, there is no man who controls the Opposition. In case Nitti assumes the task it is believed he will ask moderate Socialists, like Deputy Turati, leader of the Intransigeants, Deputy Treves and Deputy Modigliani to enter the cabinet; and if they refuse, that he will form a new administration with Catholics, giving them some important portfolios, especially the portfolio of instruction, as radical reform of the school system is one of the fundamental points in the programme of the Catholics.

Another group of politicians express the belief that it will be impossible for any cabinet to remain in power long with the Chamber formed as at present, and therefore they prophesy that general elections will follow in the near future.

The Nitti cabinet resigned when the Chamber adopted, by a vote of 192 to 112, a motion by the Socialists regarding posts and telegraphs. Signor Nitti called for a rejection of the motion and demanded that the balloting be considered a vote of confidence in the ministry. The popular party voted with the Socialists.

The cabinet of which Francesco Nitti was Premier and Minister of the Interior, was formed March 12, 1920. Signor Nitti, however, was head of the cabinet from June, 1919, succeeding Vittorio Orlando.

Premier Nitti has been the object of innumerable bitter attacks in the past year. The Catholics represented the policy of the Government toward the Socialists as "excessively mild," but it was recognized generally that Signor Nitti and his ministers faced an exceptional period of unrest, particularly on the part of labor.

A few days ago the opinion in parliamentary circles was that Premier Nitti was running the risk of being overthrown on account of his lenient attitude during the recent disturbances in Northern Italy.

LONDON, May 13.—An agreement has been reached by the Italian constitutional parliamentary group to collaborate with the Government in a programme which covers the fundamental points of that party, says a Reuter's dispatch from Rome. The popular parliamentary group has also decided upon a solution of the ministerial crisis in Italy on the basis of a clearly defined programme of bold reforms and would participate in the formation of a government.

PURCHASING STOCK OF GENERAL MOTORS

NEW YORK, May 13.—Sir Harry Maegowan, chairman of Explosives Trades, Limited, has bought shares of the General Motors Corporation amounting to £5,000,000, at £40 a share, according to cable advices received here today. No details of the purchase have been received.

It is believed that 125,000 shares of the old common stock were sold to the British interests at the above figure. This would bring the total amount received for the stock up to about $25,000,000 at the normal rate of exchange. The exchange situation will have no influence, as the money probably will be used abroad.

Sir Harry was elected a director last week. At the same time Arthur Chamberlain, of Explosives Trades, Limited, and William McMaster, of Canadian Explosives, Limited, a branch of the English company, were also elected directors.

FANCIFUL SCHEME REPORTED AT QUEBEC

QUEBEC, May 13.—That a number of financiers friendly to the Irish republic are endeavoring to purchase from the United States Government some of the United States Eagle boats which wintered at this port, is the rumor published in today's issue of Le Soleil.

The object of acquiring these vessels, the rumor states, would be to enable Eamonn de Valera, the president of the "republic," who is at present in the United States, to get from America to Ireland without being captured by the British authorities.

APPOINTMENTS MADE TO CIVIL SERVICE

OTTAWA, May 13.—The appointment of J. C. Stephenson, of Paynton, Sask., to be resident architect for the Federal Department of Public Works in Saskatchewan, with headquarters at Regina, is gazetted by the Civil Service Commission today. He is a returned soldier.

Laurence Barter, Victoria, B.C., is appointed Indian agent at the Hobbema Agency, British Columbia. He is a returned soldier.

J. H. Gooderham, a returned soldier, of Gleichen, Alta., is to be Indian agent at the Blackfoot Agency in Alberta.

Howard J. McLean, of Calgary, Alta., is appointed junior hydrometric engineer at the reclamation service of the Department of the Interior at Calgary.

Deaths in Britain

LONDON, May 13.—The following deaths are announced: Lord Digby, Dorsetshire; J. G. Bulstrod, a steeplechaser; Percy Wheeler, lawyer; C. F. McLaren, a Scottish ironmaster, and Hugh Thomson, an artist.

PEOPLE OF KIEV HAIL INVADERS

Fraternize With Polish and Ukrainian Troops Who Drove Out Bolsheviki—City Is in State of Dilapidation

KIEV, May 8.—(By Courier to Warsaw, May 11.)—For the tenth time in less than three years Kiev today changed hands again.

Tonight everyone, old and young, poor and rich, was out in the streets mingling and talking with the soldiers, whose arms were stacked in the squares.

The Polish colors again are flying near where, nine centuries ago, the Polish banner was flown by the forces of Boleslaus the Great, England's second king. Near the Polish colors at several points there has been placed the flag of the Ukraine.

Americans entering Kiev today on the heels of Polish troops were struck with the neglected and dilapidated appearance of the city.

Most of the stores of Kiev have been closed for months, and even years. For ten days Kiev has been hungrier than ever before. Peasants refused to bring food from nearby districts because of the uncertainty of conditions in town.

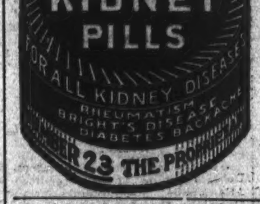

When the Polish and Ukrainian troops marched into Kiev this morning the country people swarmed the markets.

Threatened by Bush Fires

SEATTLE, May 13.—A force of hired fire fighters today resumed a fight begun by residents of a thousand-acre tract on Kenmore Hill, north of the city, on brush fires which all night threatened with destruction many homes in the vicinity.

Women to Rule Town

CHEYENNE, Wyo., May 13.—Women will occupy all positions in the government of Jackson, Wyo., as a result of their defeat of men candidates by a vote of 3 to 1 in yesterday's election, unofficial returns show.

FARMERS SEEK DUE RECOGNITION

Will Have Representatives at Conventions of Great Parties in States—Number of Requirements Are Specified

CHICAGO, May 13.—Recognition for farmers will be asked of the platform makers of each of the two great American political parties at their June conventions by representatives of the various farm organizations of the country. This action was decided on at the close of the two-day meeting of the National Board of Farm Organizations.

According to Charles A. Lyman, national secretary of the board, it was the general opinion of the delegates that the food producers never had received the attention from either the Republican or the Democratic party to which they were entitled. It was their purpose, he said, to send representatives to Chicago and San Francisco conventions with demands that they be recognized in the formation of the party platform, and to throw the weight of their support at the November election to that party which gave the greatest consideration to the farmer in the party declaration of principles.

The main points on which the farmers will insist follow:

Right of collective bargaining by agricultural interests.

Conservation of forests, with a view to keeping down the cost to consumers of print paper and lumber.

Payment of the war debt through direct taxation on "those best able to pay," meaning corporations and persons who acquired great wealth during the war.

Reduction of the high cost of living through elimination of the middleman and provision for more direct dealing with the consumers.

Appointment of a Secretary of Agriculture who knows practical farm conditions.

Legislation against corporations and individuals acquiring great tracts of land as a means of reducing farm tenancy.

Equal rights to corporations and others in transportation facilities.

Federal control of the packing industry.

Arrangements for more elastic credits for farmers.

Opposition to universal military training if such is to be made a plank of party platforms.

DOLLY VARDEN DISPUTE SETTLED

Taylor Engineering Company Accepts Proposal of Mining Co.—Disallowance Application to be Withdrawn

VANCOUVER, May 13.—A message from Chicago says officials of the Dolly Varden Mining Company announced today that arrangements had been reached with the Taylor Engineering Company, of Vancouver, B.C., as a result of which the famous dispute which has aroused so much attention during the past few months has been dropped. Agitation being carried on in Ottawa to have the Government disallow the legislation passed by the British Columbia Legislature will be discontinued, it was announced.

Mr. Taylor, of the Taylor Engineering Company, confirmed the report that an agreement had been reached.

Mr. Taylor said: "We received a telegram from the Dolly Varden group in Chicago yesterday containing a proposition for settlement, and which we finally agreed to."

Pressed for a statement on the terms of the settlement, he said:

"The $613,000 which, under the Provincial legislation of 1919 we undertook to pay over to the original owners out of earnings of the mine, will be guaranteed to them at an earlier date, but not for some time yet."

He also stated that the Dolly Varden interests had agreed to withdraw their application for disallowance at Ottawa.

This terminates a dispute which threatened to reach big proportions, and to even extend into the political field.

Formal discontinuance of both Dolly Varden actions was filed in the Supreme Court registry by Burns and Walkem, solicitors for the Dolly Varden Mines Co., on instructions received from the company at Chicago to the effect that a settlement of the whole controversy with the Taylor Engineering Co. had been reached. R. T. Elliott, K. C., legal adviser of the Dolly Varden Mines Co., declined to discuss the terms of settlement, but A. J. T. Taylor, head of the Taylor Engineering Co., said that his company had agreed to pay the Chicago concern $613,000 immediately, the first Dolly Varden Act having passed a floating charge against the property of the amounts expended in development by the Chicago owners.

PREMIER PRESIDES AT CABINET COUNCIL

OTTAWA, May 13.—Sir Robert Borden today presided over a meeting of the Cabinet. Details of the budget, which Sir Henry Drayton, Minister of Finance, is to present to the House on Tuesday, were, it is understood, under consideration.

Sir Robert's return has revived rumors in political circles of his impending retirement from political life. What the Premier's intentions are in this regard, he has given no indication, but it is informed on high authority that Sir Robert has no intention of retiring for some months yet, at any rate. During his five months' holiday his health greatly improved. Whether, however, it would be equal to a prolonged strain remains to be determined.

A caucus of Unionist supporters to discuss the situation will, it is expected, be called at an early date.

NEW PRESIDENT OF CONFERENCE

Rev. B. C. Freeman Chosen for Office—Draft of Stations on Vancouver Island as Decided on by Committee

VANCOUVER, May 13.—At the morning session of the 34th British Columbia Methodist Conference, Rev. B. Courtland Freeman, Trinity Church, Grandview, was elected president of conference for 1920. On the first count 160 ballots were cast; Rev. Mr. Freeman got 79 votes and Rev. J. H. Wright 34 votes.

The new president came to the coast 25 years ago. He was Indian missionary at Skidegate and Port Essington, then took up home mission work at Cumberland, Revelstoke and Ferris Road Church, Vancouver, before accepting call to Trinity Church.

Following are the stations decided upon for Vancouver Island by the Methodist Conference committee today:

Victoria (Metropolitan)—Wilford J. Sipprell, D.D., 914 Johnson Street; Albert J. Brace, missionary in China; John P. Hicks, editor of The Methodist Recorder, left without a station, at his own request; Garnet Gibson.

Victoria (Centennial)—James L. Batty, 612 David Street.

Victoria (Wesley)—R. McElroy Thompson, 561 McPherson Avenue; George W. Johnson, superannuated, 884 Colville Road; Frank N. Stapleford, M.A., B.D., permitted to take social work in Toronto.

Victoria (James Bay)—William M. Scott, 125 Clarence Street; Charles M. Tate, 41 South Turner Street, superannuated.

Victoria (Belmont Avenue)—Robt. Wilkinson, 1502 Gladstone Street; William Sheridan, 1524 Jubilee Avenue, superannuated.

Victoria (Fairfield)—Samuel Cook, Moss Street.

Victoria (Hampshire Road)—To be supplied, under superintendent of Belmont.

Victoria (Burnside)—To be supplied under superintendent of Centennial.

Victoria (Garden City)—E. B. Glass, B.A. (Marigold).

Victoria (Oaklands)—To be supplied, under superintendent of Garden City.

Victoria (Chinese Mission)—Kwan Yu Nam, 526 Fisgard Street.

Victoria (Japanese)—S. Nakanishi.

Esquimalt (Naval and Military Church)—J. Henry Hobbins, 416 Comerford Street.

Esquimalt (Indian)—To be supplied (C.M. Tate).

Wilkinson Road—Daniel M. Perley, B.A., B.D. (R.R. No. 3, Victoria).

Brentwood—To be supplied under superintendent of Sidney.

Sidney—William R. Welch.

Salt Spring Island—To be supplied.

Shawnigan and Cowichan—Albert E. Stephenson, Charles R. Sing, B.D., superannuated.

Nitinat (Indian)—To be supplied (J. E. Rendle).

Nanaimo (Wallace Street)—William Vance, B.A.

Nanaimo (Haliburton Street)—B. Hedley Balderston, B.A.

Nanaimo (Chinese)—Lay evangelist (Fong Dickman).

Nanaimo (Indian)—Peter R. Kelley.

Duncan—John R. Butler.

Koksilah (Indian)—To be supplied (C. A. Deckstader).

Ladysmith—Fred L. Carpenter.

Wellington—Co-operative.

South Wellington—To be supplied.

Cumberland—George R. B. Kinney, B.A., F.R.G.S.

Cumberland (Japanese)—To be supplied from Victoria.

Port Alberni—Bishop Black, William Rickaby.

Watson's Life Threatened

LOS ANGELES, May 13.—Sheriff Cline announced today that because of numerous threats made against the life of James P. Watson, who recently pleaded guilty to the murder of Nina Lee Deloney, and is alleged to have confessed the murders of eight other women he had wed, the prisoner will be taken secretly to San Quentin prison to serve the life sentence imposed on him here. The sheriff said he would probably remove Watson from the county hospital by automobile and drive him to some station a considerable distance from Los Angeles before boarding a train.

BEWARE OF TENDER GUMS
Unhealthy soil kills the best of wheat. Unhealthy gums kill the best of teeth. To keep the teeth sound keep the gums well. Watch for tender and bleeding gums. This is a symptom of Pyorrhea, which afflicts four out of five people over forty.
Pyorrhea menaces the body as well as the teeth. Not only do the gums recede and cause the teeth to decay, loosen and fall out, but the infecting Pyorrhea germs lower the body's vitality and cause many serious ills.
To avoid Pyorrhea, visit your dentist frequently for tooth and gum inspection. And use Forhan's For the Gums.
Forhan's For the Gums will prevent Pyorrhea—or check its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's will keep the gums firm and healthy, the teeth white and clean. Start using it today. If gum-shrinkage has set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.
35c and 60c tubes in Canada and U.S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.
FORHAN'S, LTD., Montreal

IRISH OUTLAWRY GOES UNCHECKED

Nineteen Police Barracks and Other Public Property Destroyed by Sinn Fein Thugs—Mails and Offices Raided

DUBLIN, May 13.—At least nineteen police barracks in various parts of Ireland were wiped out in the course of widespread destruction of public property and other activities by bands of armed and masked men in various parts of Ireland last night. Five income tax and customs offices also were raided and papers found in them burned.

Two mail cars and one mail train were held up and official papers taken from them.

One man was killed in the outskirts of Dublin, where barracks were burned.

The Rev. T. G. Wilkinson, one of the canons of Down Cathedral at Downpatrick was shot and critically wounded while pursuing raiders on the street.

The houses of two newspaper editors were raided and one anti-Sinn Fein editor was tarred and feathered.

Some of the police barracks destroyed were unoccupied, and others were inhabited only by the custodians.

The reports of raiders' activities have been pouring in all day from numerous sections.

Two hundred men besieged the Holyford police barracks in County Tipperary for four hours early Wednesday morning, using rifles and bombs. A part of the building was set on fire, but the ten policemen defending the place withdrew to another section of the structure and continued their resistance. The attackers eventually retired. No casualties were reported.

BELFAST, Ireland, May 13.—Another income tax office here was raided tonight by five masked men. They seized and bound the two clerks, collected the documents and burned them, then made their escape.

LONDON, May 13.—The British Government has decided to create a special judicial body to examine the cases of Irishmen who are under arrest, it was announced in the House of Commons today by Mr. Andrew Bonar Law, the Government leader. The Government's action is generally regarded as an important move, it being pointed out that critics of the Government's Irish policy have been demanding for a long time that the cases of men detained without trial should be thus examined. The refusal heretofore of some such means of securing the liberation of innocent men has been the principal cause of the recent hunger strikes by Irish prisoners.

SOCIALISTS NAME DEBS FOR PRESIDENT

NEW YORK, May 13.—Eugene V. Debs, Federal convict No. 2253, at Atlanta, Ga., was nominated by acclamation for the presidency of the United States at the Socialist party's convention here today.

Eugene V. Debs began serving a 10-year sentence for violation of the war-time espionage act April 13, 1919. Debs, who is 65 years old, has been given the presidential nomination by his party four times previously. He was a Democrat before he became a Socialist. In the late seventies he served two terms in the Indiana Legislature, from Terre Haute, his home town. He was once a candidate for Congress from the Fifth Indiana District. In 1894, from May to November, he served a sentence in jail for contempt of court in an Illinois conspiracy case.

His present imprisonment resulted from investigation of a speech in Canton, Ohio, June 16, 1918, which led to his arrest two weeks later for opposing the war and urging labor to cease all activities which in any way tended to prolong it.

PEACE RESOLUTION VOTE ON SATURDAY

WASHINGTON, May 13.—The provision in the Republican peace resolution requesting the President to open negotiations with Germany for a separate treaty was stricken out today on motion of Senator Lodge, of Massachusetts, the Republican leader.

After the provision had been stricken out, agreement was reached for a final vote on the resolution at 4 o'clock Saturday.

A status of peace must be obtained "in some other way," if it can not be secured by ratification of the treaty and the League of Nations, Senator Kellogg, of Minnesota, one of the original "mild reservation" Republicans in the treaty fight, declared today in the Senate, supporting the Republican peace resolution.

"The time has come when something must be done," he said. "The nation must be soon as possible must be returned to normal conditions. I shall therefore vote for the resolution declaring the war at an end, because it seems to me the only possible way now of accomplishing this object."

HIGH SCHOOL ATTENDANCE.

The reply of Principal A. G. Smith to criticism calling attention to the falling off in the attendance at the local High School does not show that anything serious is happening in view of educational legislation in the Province. For one thing the explanation he has given shows that the decline in attendance is not due to conditions at the school. He points out that the majority of pupils who leave is from among those who are in their first year. There is sound truth in what he says about pupils from the elementary schools entering the High School "taking a plunge into the unknown," for we fear the vast majority make the plunge without any clear indication of what their career in life is going to be. Mr. Smith might have gone farther and dwelt more on the fact that the school age limit in British Columbia is fourteen years. He might have pointed out that there is doubt about the interpretation of what fourteen years is held to include. At present boys and girls, as far as we know, are permitted to leave school when they reach the age of fourteen, whereas we feel sure the intention was that their education should continue until they had completed fourteen years of life.

It will be an excellent thing for the Province when the school age limit is raised as it should be to sixteen years, or certainly until a boy or girl has completed the fifteenth year. This would mean, in the majority of instances, that every child would have to take at least two years at the High School. The benefits derived through this educational extension would accrue to the whole life of the community, while at the same time it would have a beneficial effect on the economic situation. British Columbia would then be turning out boys and girls better equipped to fight the battle of existence, while the danger of children being engaged in exacting tasks at an early age in life would be obviated to a degree. The raising of the school age limit would also be a factor in insuring the attendance at the High School. It is an entirely wrong conception which now is held that a boy or girl's education may be considered as finished at the early age of fourteen. There is altogether insufficient in the curriculum which is enforced up to that period of life to guarantee pupils the equipment they need in choosing a career, that is to say if they are to be sufficiently educated to better themselves as time elapses.

Mr. Smith's arguments, based on his report regarding attendance, will bear close examination, and as a result of them we hope the School Board will be in a position to make recommendations to the Department of Education which will lead to a better standard of education being enforced in the Province. This whole question of education is one which must be thoroughly probed sooner or later. There are excellent school facilities in British Columbia and the education given is efficient, but it is circumscribed by a system decreed by the Department of Education which is to some extent, at least, effete. The time has passed by when we can flatter ourselves that we are at least abreast of other progressive countries of the world in the matter of education. We are not. The first step taken here should be to raise the school age limit and the next to have an authoritative body revise the curriculum.

MENNONITE DREAMERS.

The Mennonites of the Old Church are willing to travel to the uttermost parts of the earth in search of an ideal they have set up, "the glorious privilege" of personal independence. Migrating from their native land to escape tyranny in many of its most intolerable forms, they settled in the Prairie Provinces of Canada. There they found that even in this free land there are certain limitations imposed upon individual freedom. They learned that the state insists upon certain requirements from those upon whom it confers the rights of citizenship. One of these is the education of all children in accordance with certain standards. Another is that every male citizen may be required to take up arms in defence of the country should its liberty and integrity be assailed from any source. These requirements have been proved by experience to be essential if personal and political freedom are to endure. Under existing conditions throughout the world the state or nation which essays the experiment of merely passive resistance to encroachment and invasion will have a short and inglorious career.

The Mennonites of the Old Church having found that conditions in Canada are not, and cannot be, in accordance with their ideals, have sent agents to other countries in the hope of finding some land in which their social and political aspirations do not come in conflict with law. The promised land was not found in the United States, where the authorities are just as exacting as they are in Canada regarding the responsibilities of citizenship. Now they are going farther afield and will make a test of the hospitality of Brazil. Hitherto South American republics have not been considered notable for liberality of thought in either religious or secular affairs; therefore the Mennonites of the Old Church are likely to travel farther before they attain the object of their heart's desire. In the meantime there seems to be a considerable element of Mennonites who are not of the Old Church residing in the Prairie Provinces who are satisfied with the material and social conditions prevailing there and they will remain to become industrious and prosperous citizens. It is because so many of the younger generation are breaking away from the trammels imposed by the idealism of their elders that an exodus to a far country is proposed. The conservative element in the Mennonite communities does not regard with favor the fact that the younger generation is becoming merged or assimilated with the general population of Canada. That is the purpose of Canadian schools and other institutions, and the process cannot be arrested even to satisfy the impossible ideals of dreamers after liberty without any limitations.

GUERILLA WARFARE.

It is clear from what is happening that sterner measures to safeguard life and property in Ireland will have to be undertaken. The Murder League is still at work. The destruction of public property is growing to alarming proportions and for months past no malefactor responsible for these criminal acts has been arrested. The authorities have adopted a defensive attitude in the face of what can only be likened to a miniature revolt of a spasmodic but none the less well organized character. Sinn Feinism, perhaps not officially, but by virtue of its being in existence, is responsible for the reign of terror which has been inaugurated in Ireland. The appetite for murder and destruction is growing because it is so largely unchecked and no doubt can exist that arms and ammunition are being supplied to the Sinn Fein bands by outside influences hostile to Great Britain.

A campaign of terror calls for stern repressive measures. It is not a pleasant task, but the sentiment of the British peoples everywhere is that Irish lives must be protected against the criminally inclined section of the population of that country. Neither freedom nor any other cause worth fighting for can ever be won permanently by the perpetration of cold blooded atrocities, and only minds warped to a sense of justice and humanity can offer any excuse for that section of the Irish people who are responsible for what is happening in these times. It is not the British Government that the criminals are punishing by their crimes. It is Irishmen who are suffering and Irish families that are being bereaved. Those Irish who are being made the target of assassins deserve the full measure of protection that Britain's power can afford. They have the right to demand it in the name of common justice. It is said General Sir Nevil Macready, the new Irish Commander-in-Chief, is to be endowed with powers greater than those possessed by his predecessors. Those powers should be amply sufficient to put an end to an orgy of calculated murder and organized destruction of property in Ireland.

ALLEGED PAPER COMBINE.

American publishers have carried their grievance regarding the scarcity and high prices of newsprint paper to the halls of Congress. They allege that a Canadian combine fixes the output and cost of the raw material necessary to the newspapers in their business. That is not improbable; but are the newsprint manufacturers the only sinners in this respect on this continent of magnificent resources? Congress has tried its prentice hand on the task of dissolving or bringing to account various American trusts, and it is at least doubtful whether any material benefit has accrued to the public. Attacking a foreign trust or combination probably would prove a more difficult problem still. One Congressman had an idea on the subject—the imposition of excise duties on paper imports. That might prove efficacious in one respect. It certainly either would reduce imports of paper or result in newspaper proprietors paying the excise duties and charging readers higher prices for their morning and evening papers. Such a course would not bring confusion to the Canadian newsprint combine. It might have the effect of reducing the price of newsprint to Canadian publishers, and that would be a most desirable consummation.

The authority who promulgated the foregoing idea said he would prefer to see the American publishers small the problem and solve it in their own way—by reducing the size of their editions. The manufacture of newsprint has become a great Canadian industry and its growth to existing proportions has been attained in a comparatively few years. Its rapid development is due to two facts, an abundance in this country of raw material and water powers. The only apparent benefit accruing to the people, the original owners of these resources, is whatever advantage may follow manufacture of paper in this country. That is something governments wisely have provided for, and with which they will not tolerate foreign interference. Canadians have learned some valuable lessons regarding protection and conservation of the natural resources of their country in order that their own people should secure the chief benefit from their development. They learned most of the lessons from their American neighbors.

Neither individuals nor nations can violate natural laws without paying a penalty for their conduct. Governments have undertaken to meddle with natural processes in commerce, and the people are suffering from the consequences. One of the consequences is a development of certain idiosyncracies in prices of commodities. For instance, in Canada, the prices of flour have been advanced because of the action of the Wheat Board. Coincidentally and peculiarly, the prices of flour in Minneapolis, the centre of the American milling industry, have fallen. The necessity for deflation on a graduated scale to avoid possible evil consequences is being preached daily by business men of experience and foresight. It is just a question whether the action of governments in suspending natural laws of commerce is not in some degree blocking the way to gradual and necessary deflation.

TORONTO, May 13.—Might's Directory figures give the population of Toronto as 562,585, or an increase of 15,214 over the population as registered by the same authority last year.

FIFTY YEARS AGO TODAY.

(From The British Colonist of May 14, 1870.)

Governor Going East.—It is rumored that His Excellency the Governor will start for the East in the next direct steamer, that is the steamer which will leave here on the 10th or 12th of June, and that he will be absent about two months.

Deluge Hose Practice.—The Deluge steam engine was out for practice yesterday, but the rottenness of the hose prevented a fair test of her powers. Among the many interested spectators we observed His Excellency the Governor.

By Electric Telegraph.—The Manitoba (Red River) Bill passed the House of Commons on the evening of the 11th inst.

Presbyterian Mission Work

CALGARY, May 13.—The discussion of Christian citizenship and a proposed mission base in Central Europe as a means of national defence, have been the two outstanding subjects dealt with at the meetings of the general council of the Presbyterian W. M. S. now in convention here. The largest delegation, numbering 40 members, comes from Ontario. Alberta and British Columbia are also well represented.

NEW YORK, May 13.—"Prohibition will soon come to Scotland," was the prediction made by Magistrate James Gardiner, of Glasgow, on his arrival here yesterday. "Recent plebiscites of workingmen show that when the time comes to vote, prohibition will be carried two to one," he said.

TELLS SCHOOL BOARD WHY STUDENTS LEAVE

Principal A. G. Smith Says Conditions Are Satisfactory Considering Economic Situation—Resents Criticism

"In passing from the elementary grades to the High School it is a plunge into the unknown," declares Principal Alexander G. Smith, principal of the Victoria High School, in a letter to Municipal Inspector E. B. Paul, explaining the reason for a falling off in attendance figures lately.

In the course of his letter Mr. Smith alludes to the "persistent and irresponsible criticism" of the High School as being "somewhat wearisome," and he suggests that the facts be ascertained before derogatory assertions are diffused.

The School Board will not deal with the subject matter of Mr. Smith's letter this week. The trustees claim that it is of such importance that a decision should not be rushed, and that the whole question should be given mature consideration.

Percentages Lower.

Mr. Smith has furnished the board with a statement showing the number of pupils who have left the High School during the year 1919-20, and he stated that, after comparisons with the records of previous years, he is in a position to state that the number of those who have left is in no way larger than that of previous years; as a matter of fact, the percentage is considerably lower.

Seven left the High School to attend other schools; twenty-nine left tend other schools; twenty-nine left work; thirty-three left the city; three died, and one married; making a total of one hundred and fifty-three. Among those who left, 22 per cent were from the first year arts course, 19 per cent from the first year science course, 17 per cent from the first year commercial course, 25 per cent from the second year High School, 11 per cent from the second year and partials and third year High School, and 4 per cent from the fourth year.

"Our greatest attendance was 840," states Mr. Smith, "and the present is 750, which is not a serious decrease in view of economic conditions, as they have existed in Victoria during the past six months. Only seven pupils have left the school to attend other institutions, and in the majority of cases their work has been unsatisfactory, as can be shown by reference to their monthly record.

Quit to Go to Work.

"You will note that a large number have left to go to work, and I might say here that I have a constant demand for High School boys for drug stores, banks, etc., and can place pupils in positions at almost any time.

"An examination of my report will show that the majority of the pupils who leave is from those who are in their first year in High School (58 per cent), and I will explain as briefly as possible the reasons for this. The average age of pupils entering High School is a little over 14 years. If a pupil enters school at 6 years, it means that the pupil spends eight years in the elementary school to prepare for High School, and is expected to qualify for the university in three years. The balance of time will strike even the casual observer as unequal. Further, the pupil entering High School is immediately confronted with four or five new subjects which must be carried along concurrently, with the result that only the fittest mentally can survive, and those not so well equipped must go to the wall. On the other hand, a pupil in High School carries practically all the subjects which are necessary to the completion of a university course. In passing from the elementary to the High School, it is a plunge into the unknown, while the course through the university is a natural evolution from the High School course.

"Permit me to say in conclusion, on behalf of the staff and myself, that persistent and irresponsible criticism becomes somewhat wearisome. Being in a public position, we must expect our actions to be criticised, but the first essential is that facts on both sides of a case should be ascertained, and so far no effort has been made to secure such facts from me, while I am ready at any time to provide such information."

TOO LATE

Death only a matter of short time. Don't wait until pains and aches become incurable diseases. Avoid painful consequences by taking

GOLD MEDAL HAARLEM OIL CAPSULES

The world's standard remedy for kidney, liver, bladder and uric acid troubles—the National Remedy of Holland since 1696. Guaranteed. All druggists, 50c. a box. Look for the name Gold Medal on every box and accept no substitute

BACK ACHE

You have no idea how useful it will be found in cases of every day ailment or mishap, when there is need of an immediate healing, antiseptic application, as in cases of sprains, bruises, cuts, burns, bites and stings.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30 cents. Guaranteed.

SAFEGUARDS HAD BEEN ORDERED BY INSPECTORS

Protection Lacking For Elevator Shaft Down Which Mr. William Hamilton Fell to Death at Yates Street

That the inspectors of the Workmen's Compensation Board had examined the premises and had given orders to have proper guards installed for the elevator in the premises of the Duncan Storage Company, lower Yates Street, will be evidence brought to the attention of the coroner's jury which will meet this morning at 10 o'clock at police headquarters, to investigate the circumstances surrounding the death of Mr. William Hamilton, caretaker of the premises, who sustained fatal injuries when he fell two flights down the elevator shaft on Wednesday night. The injured man passed away at St. Joseph's Hospital at 5 o'clock yesterday morning, though at first it was supposed he would recover. His injuries consisted of a fractured hip, a fractured skull and internal injuries.

Police investigation yesterday disclosed the fact that the Government inspectors had inspected the premises in April and had given the owners from whom the Duncan Storage Company rents, until the middle of the present month to instal adequate safeguards for the elevator. At present the elevator entrances on the first and third floors are guarded by a bar across the opening. On the second floor, from which Mr. Hamilton fell, there is no such guard, but eighteen inches away there is a door leading out of the room fronting on the elevator. It is presumed that Mr. Hamilton, coming through the door, stepped into the elevator shaft imagining the elevator was at that floor. He fell a sheer two floors, landing on the elevator, which was then at the ground floor.

The late Mr. Hamilton was a single man, over 50 years of age. He was born in Londonderry, Ireland, where his father was harbor commissioner, and had resided in Canada for the past thirty years. He farmed near Virden, Manitoba, and about twelve years ago came to Victoria. He is survived by a sister, Mrs. H. T. Barnes, of Victoria, and two brothers in Canada, Mr. Alexander Hamilton, of Vancouver, and Mr. Richard Hamilton, of Victoria.

IN THE COURTS

County Court

In the County Court yesterday the suit of Belcher vs. British Columbia Electric Railway Company came on for trial before His Honor Judge Lampman. The suit is the outcome of a collision at the corner of Pembroke and Government Streets, on March 12 last, between the jitney driven by the plaintiff and a motor repair-car owned and operated by the defendants. The plaintiff claims $76 for damages to his jitney car, and the defendants set up a counterclaim of $56 for damages sustained to their property. The case was still proceeding when adjournment time came yesterday, and will continue today. Mr. J. S. Yates is appearing for the plaintiff, and Mr. H. B. Robertson for the defendants.

Found in Lake Union

SEATTLE, May 13.—The body of a man was found in Lake Union today with the side of the head crushed in apparently by a blod with a blunt instrument. In the pocket of the victim's coat was found a registration card bearing the name of Andrew Johnson, also a membership card in the Loyal Legion of Loggers and Lumbermen, with the same name inscribed. The coroner is investigating.

To Relieve Freight Congestion

WASHINGTON, May 13.—Imperative necessity for concerted action to relieve the freight congestion on American railroads, in order to prevent serious curtailment of production, suggests the attention today of all Government agencies which deal with the national arteries of transportation. Reports from important terminals agreed that the situation still threatened a slowing down of industry.

ENGLISH CAPITAL IS LOOKING TOWARDS B.C.

Mr. L. A. Bonner, One of Province's Biggest Placer Operators, Returns From Old Country With Good Report.

Mr. L. A. Bonner, manager of the Lightning Creek Hydraulic Company, of the Cariboo, and one of the oldest and most widely interested mining men of the Province, is in the city on matters pertaining to the operation of his interests during the Summer. He has lately returned from a business trip to England in conference with his principals, and says that, from a financial aspect at least, British Columbia may look forward to encouragement from that quarter in the near future. "British Columbia is the greatest little bit of the British Empire," said Mr. Bonner at the Empress Hotel last night. "That has been my opinion for some time, and now British financial men are coming to look at the matter in something the same light."

He says that, because of the high tax on capital in the Old Country, a lot of it is going to seek investment elsewhere in the Empire. Mining is going to receive a large share of attention, he says, and for that reason especially British Columbia is an attractive field.

Cariboo Spring Is Late.

Mr. Bonner has just returned to the Coast from a trip into the Cariboo, and states that the season is extraordinarily backward there this year. He snowshoed in to his company's property over four feet of snow, under which was still another two feet of ice. He looks for serious trouble with freshets when the season breaks up, and expects that hydraulic operations will be hindered considerably during the early part of the Summer as a consequence. The output of the district he expects to be considerable this year so far as the established plants are concerned, though, he says, labor shortage is a serious handicap to the operators.

Mr. Bonner will make a trip into the Northern British Columbia country as soon as the season of high water is over in the rivers for the purpose of analysing the prospects for mining development. This will be on behalf of new capital investment, he says.

BAKERS AGAIN IN COURT

For Third Time Haled Before Police Magistrate and Pay Fines of $1

For the third successive day the strike of the operatives against the master bakers of Victoria invaded the City Police Court yesterday in the form of a summons against the latter. As in the two previous cases, the charge was that of failing to affix to bread sold in the city the label of certified weight required by the city by-law. And if the complainants had any faith in the ancient belief about the third time being the lucky one, it must have been sadly shaken by the decision of Magistrate Jay yesterday, who, for the third time, imposed a nominal fine of $1.

A variation of the charge of yesterday from that of the preceding days was that of the firm proceeded against. Messrs. Rennie & Taylor bore the brunt of the two former attacks, described by their counsel in court as "spite prosecutions." Messrs. Shelly Brothers were the defendants in yesterday's action. They were represented by Mr. H. Boyle, who again told the court the now familiar story of the troubles of the master bakers in their efforts to bake and distribute bread in the first days of the strike.

On behalf of his clients, Mr. Boyle pleaded guilty and asked that a nominal fine be imposed. He said that the master bakers were now complying with the by-law and that the technical infringement of it had been the result of the temporary disorganisation caused in the first hours of the strike. There had never been, he said, any desire on the part of any of the master bakers to defeat the intention of the by-law.

Again for the third successive time the case was marked by the absence of any witnesses for the complainants from the court. Magistrate Jay again warned the defendants that the fine imposed was only on account of the special circumstances of the case, and would not be sufficient to meet the requirements of any future infringement of the by-law.

Deep Waterway Memorandum

FORT WILLIAM, May 13.—A memorandum was presented this morning to the International Joint commission on deep waterways relative to the advantages that would accrue to both Fort William and Fort Arthur by completion of a deep waterway to the ocean, especially as regarded the grain trade.

Hotel in Winnipeg Damaged

WINNIPEG, May 13.—The Strathcona Hotel, a large six-story building on Main Street, was damaged to the extent of $20,000 by fire last evening.

City and District in Brief

Bank Clearings — Bank clearings for the week ending yesterday were $2,960,210, as compared with $1,976,245 in the corresponding week of 1919.

Special Meeting—A special meeting of the Saanich Council has been called for Tuesday evening for the purpose of dealing with the water and sewers schemes for the municipality and also the building of the Saanich Health Centre.

Inquest Today—An inquest will be held this morning at 11 o'clock at police headquarters on the body of T. H. Shew, the young Chinese merchant, who died suddenly while out motoring with a friend on Thursday night.

Girl Guides' Meeting—Next Tuesday evening at 7:45 o'clock the recently formed "Girl Guide Association" will meet at the I.O.D.E. rooms, Jones Building, to discuss general and urgent matters in connection with the Victoria Girl Guides.

Sewing Meeting Today—Members of the Gonzales Chapter, I.O.D.E., will meet at the home of Mrs. Chas. E. Wilson, The Uplands, at 2 o'clock this afternoon to sew for the chapter's garden fete, to be held at "Gonzales," next month.

Mail Service to Alberni—Since the inauguration of a daily train service to Fort Alberni the Board of Trade has urged the Postmoes Department to make arrangements for a daily mail service along that line, but so far has received no reply to its representations.

Chapter's Emergency Meeting—At a special meeting of the Herbert Beaumont Boggs Chapter, I.O.D.E., on Wednesday evening, plans were completed for a dance to be held in Carter's Hall, Courtney Street, on June 16. It was also decided to meet at the home of Mrs. Leeman next Monday evening to sew for a sale of work to be held at a later date.

Visit Elk Lake—Mayor Porter, Aldermen Todd and Sangster and Magistrats Jay visited Elk Lake yesterday afternoon and considered plans for the development of the area as a pleasure resort. Arrangements were made for the building of a bridge and improvement of the road running from the East Saanich Road to the latter beds.

W. C. T. U. Elects Officers—At the annual meeting of the Rockland Park W. C. T. U. the following officers were elected for the ensuing year: President, Mrs. John Hall; vice-president, Mrs. F. W. Laing; secretary, Mrs. Shipway; treasurer, Mrs. Ellers. Arrangements were made to send four delegates to the Provincial W. C. T. U. convention to be held in New Westminster, from June 14 to 18.

Giving Lecture on France—During the next few months members of the Women's Canadian Club will make a study of the Allied countries, and the first lecture of the series, dealing with France, will be given next Tuesday afternoon at the Empress Hotel at 3:15 by Madame Sanderson-Mongin, who will speak on the topic, "The French Woman and the Soul of France."

Enjoyed Typical Scotch Dance—Following their fortnightly business meeting at the Caledonia Hall last evening, the Ladies' Auxiliary of St. Andrew's and Caledonian Society held a grand Scotch dance. Dancing commenced at 9 o'clock and continued until after midnight, all the old favorites among Scottish dances being revived to the utmost enjoyment of the hundred or more dancers in attendance.

C.P.R. Police Head Here—Chief R. G. Chamberlin, head of the C.P.R. police system, and former chief of police at Vancouver, was a visitor in the city yesterday morning. He was accompanied by his daughter. Chief Chamberlin called upon Chief of Police Langley and Detective Inspector Perdue. He left on the afternoon boat for Vancouver en route to Montreal, his headquarters.

Exhibit of School Work—An exhibition of art and domestic science work in the city schools will be opened in Miss Miller room at the Boys' Central School today. This is under the auspices of the Victoria School Board and it is desired that as many as possible avail themselves of the showing. The exhibit will be open between the hours of 3 and 5 in the afternoon and 7 and 9 in the evening.

Travelers' Dance Tonight — The United Commercial Travelers, Victoria Council 434, will entertain their friends tonight at a lucky dance to be held in the Knights of Columbus Hall, 734 Fort Street. The "Knights of the Grip" have proved themselves engaging hosts on many former occasions, and their series of lucky dances, for which attractive prizes are given, have been extremely popular this season. Dancing will commence at 9 o'clock and continue until about 1 a.m.

Cheaper Chicken Wheat—Mr. J. N. Addison, local manager for the United Grain Growers, left the city last night for Vancouver, where he will confer with the B. C. Board of the association. The association is making representation to the Dominion Wheat Board that the price of the lower grades of wheat be set aside from the recent order of the Board setting a general rise for all wheats. It is pointed out that No. 6 wheat and the grades better known in British Columbia as "chicken" wheat are of no value to the millers and a rise in price for them simply makes matters more difficult for the poultryman.

Review Entertains at Dance—Many members of Queen Alexandra Review, No. 11, of the Maccabees and their friends, enjoyed the dance given last evening at the Criterion, and the affair proved a decided success. Besides the regular cabaret entertainers, Miss Mary Middleton gave a couple of delightful vocal numbers, which were greatly appreciated by the patrons. The commander, Mrs. Angus Galbraith, together with officers of the Review, received the patrons as they arrived, and Mesdames Ball and Watson convened the arrangements for the affair, which was arranged for the benefit of the Island Rally of Reviews to be held at Nanaimo on June 7 in honor of the supreme medical officer of the W. B. A., Dr. Ella Fifield.

MEMBERSHIP RECORDS MATTER FOR PRIDE

Army and Navy Veterans Able to Boast 1,743—Meeting Sent Congratulations to Gen. Currie

The monthly general meeting of the Army and Navy Veterans was held in the club rooms, Pemberton Building, last night. At 8:15 p.m. the president, Brigadier-General R. F. Clark, C.M.G., D.S.O., M.C., took the chair, and after the Silent Tribute had been duly honored the business of the meeting was undertaken.

The secretary, Comrade H. J. Young, gave a resume of the month's work and outlined the work which lay ahead of the organization during the next four weeks. One of the most encouraging features of his address was the announcement that the paid up membership of the Army and Navy Veterans in Victoria amounted to 1,743. After calling attention to the forthcoming concert on Saturday night next in honor of incoming members from the Imperial Inland Water Transport Section, the secretary commented on the fact that this will also partake of the nature of a farewell entertainment, as a move to new quarters on Government Street will take place at the beginning of June.

Another item of interest in the secretary's report was the announcement that the anniversary parade, held on April 25, had resulted in the sum of $109.35 being handed over to the Victoria Relief Fund.

The forthcoming convention of the Army and Navy Veterans in Canada, to be held in Victoria early in August, formed the basis of a stirring appeal from Comrade Young to all members of the local unit to hold themselves in readiness to contribute all the support for which they might be asked.

Tonight, the 14th instant, the general monthly meeting of the Provincial Command of the Army and Navy Veterans will be held in Vancouver, and Comrade H. J. Young, secretary of the Provincial Command, with Com. R. P. Clark, W. H. H. Adley and J. Hinchliffe, from the local unit, will go to the Terminal City to take part therein.

The meeting enjoyed an address from Comrae A. Murdoch, of Winnipeg, Dominion Organiser for the Army and Navy Veterans.

A vote of thanks was passed unanimously to the Provincial Returned Soldiers' Commission for the many services which its members had rendered in the discharge of their official duties to members of the Army and Navy Veterans.

Before the meeting adjourned, Comrade the Rev. Dr. Campbell moved, and seconded by Comrade Hadley, first vice-president, that the following telegram of congratulation be sent to General Sir Arthur Currie, G.C.M.G., K.C.B., etc., on his appointment to the principalship of McGill University:

"General Sir Arthur Currie, Inspector-General, Canada's Forces: The members Victoria unit, Army and Navy Veterans, extend to you congratulations on your appointment as Principal of the University of McGill. We wish you success equal to your brilliant career as Commander-in-Chief of the Canadian Forces in France and Flanders."

This motion was passed with (illegible) and the meeting ad-

FACE COVERED WITH PIMPLES

Hard and Awfully Sore. Itched. Cuticura Heals.

"I had never had a pimple and then my face became covered. Later on the pimples became hard and awfully sore, and they itched so that I could not rest one moment. I had to scratch so that at last I thought my face was poisoned.

"I was advised to try Cuticura Soap and Ointment, and after using them three weeks I was healed." (Signed) Miss Edith Grover, West Oldtown, Me., Dec. 16, 1918.

Use Cuticura Soap, Ointment and Talcum for all toilet purposes.

Sample Each Free by Mail. Address: "Cuticura, Dept. L, Boston." Sold throughout the world. Soap 25c. Ointment 25 and 50c. Talcum 25c.

Guns Reach Vancouver

VANCOUVER, May 12.—With the arrival in Vancouver of guns for three of the four batteries of the 15th Brigade, Canadian Field Artillery, the stage is set for rapid development in the organization of a strong corps of gunners in Vancouver. The new guns include eight 18-pounders for the 31st and 68th field batteries and four 60-pounders for the 5th heavy battery.

Good Suits For Men

The Dress-Up Reveille

It's here—the time to shed the heavyweights, the superfluous garments—and don the raiment that's in harmony with the season.

The sombre colorings, the rough textures of Winter clothing should now be replaced with fabrics of finer weave, smarter pattern and brighter color.

One thing is certain: The Spring suit with that dash and modeling which distinguishes the wearer from a thousand of his fellows will be snapped up quickly this season.

Just now our assortment of Spring Suits is large and satisfying, not only in style but also in color and fabric.

Run in—this coming week—we'll be glad to show you.

Spring Suits, $25, $35, $50 to $80

Everything That's Smart in
NECKWEAR, SHIRTS, SOX, HATS or CAPS

that a man is going to need for wear with his new suit can be seen at this store. Made by the best of makers, who have a name for quality and dependability.

You can see them in our windows.

INVESTIGATION TO DEPEND ON REPORT

Mr. David B. Brankin, Deputed by Attorney-General, Visits Children's Aid Home—Addresses Public Meeting

Whether or not conditions at the Children's Aid Society Home are to be investigated by a commission will depend on the result of a visit to the home yesterday by Mr. David B. Brankin, superintendent of the Provincial Department of Neglected Children, acting under instructions from Attorney-General J. W. de B. Farris.

Mr. Brankin declined to state his views on the home, and would not anticipate in any detail the report that he will submit to the Attorney-General within the next few days. After his visit to the Home, Mr. Brankin conferred with Mayor Porter, chairman of the Children's Aid Society, and also with a delegation of persons interested in the charges against the Home, among them School Trustee Mrs. Andrews, who first brought up the question and hinted that conditions were not what they should be at the institution.

Last night Mr. Brankin addressed a public meeting at the Girls' Central School and spoke on the community's duty to the neglected child. The Mayor presided.

The Greatest Asset

"The greatest asset that British Columbia has is the child," declared Mr. Brankin. "The natural resources of which we are so proud and talk so much about will be valueless unless our children grow up to be healthy and upright men and women. Conservation of child life was never more necessary than it is at the present time.

"There was a time, now happily past, when the welfare of a community's children was considered as philanthropy, and those principally interested were people in their second childhood. Fortunately we see today the entrance of business and professional men and women into this sphere of work, and it is a hopeful indication, indeed. After all, child welfare should be treated and regarded as a business and no longer as a philanthropy. Those who may be sincere, and yet have nothing more than sentiment to contribute to the task, had better keep out of the movement. Their efforts will be useless.

Rights of the Child

"We have got to recognize that the child is entitled to equality of opportunity. It has a right to be properly nourished and protected morally and spiritually. We have got to put aside false modesty and tell the facts. The child has a right to be born well. No couple contemplating matrimony should be allowed to enter the state of matrimony unless they can produce a clean bill of health. I wonder if prospective parents enter the state of matrimony with the right spirit and the proper conception of their obligation to the state? I wonder how many mothers take their daughters in hand, as they should, and tell them what marriage means? I wonder how many fathers take their sons aside and tell them what the country expects of them. In the case of most boys and girls who have gone wrong the trouble can be traced back to years before their birth, to fathers and mothers who did not understand."

Mr. Brankin referred to the mothers' pensions legislation and said it would have a very beneficial effect on the children whose fathers had been cut off from their ability to act as family breadwinners.

Playgrounds Essential

He held that every city should provide ample playgrounds for the children, and he declared that play and recreation were two potent agencies in preventing children living in congested areas from becoming delinquents. He referred to the Provincial Infants' Act, and said that the adoption laws enacted here were the best within his knowledge.

MOTOR CAR DEALERS ORGANIZE COMPANY

Will Promote Race Meets, Automobile Shows and Advertise Victoria Throughout Pacific Northwest

For the sole purpose of promoting race meets, automobile shows and other events which would bring Victoria to the attention of the people of the Pacific Northwest, the Victoria automobile dealers organized a company this week, to be called the Victoria Auto Sports, Limited.

The company was not formed for financial gain on the part of any of its members, but the proceeds from all entertainments will be donated to charity. The Victoria Auto Sports, Limited, are promoting this year's races, which promise to be a huge success. The proceeds of last year's meet were given to the Orphans' Home, a donation made to the Rotary Club Christmas Tree and an outing given to the Orphans this Spring. This year's proceeds will be given to the Orphans' Home and the Island Development Association.

The following is the list of officers for the Victoria Auto Sports, Limited: President, C. H. Willis (Jameson & Willis, Ltd.); vice-president, Walter B. Revercomb (Revercomb Motor Company); treasurer, George Lillie (Automobile Equipment House); secretary, H. N. Flynn (Board of Trade secretary); board of directors, C. H. Willis, W. Revercomb, George Lillie, R. A. Playfair (Begg Motor Company) and Thomas Plimley (Thomas Plimley).

On Saturday morning, May 22, at 11 o'clock, preceding the races, an automobile parade will be held in which the auto world of Victoria will participate. A prize of $50 has been donated by the Victoria Automobile Dealers' Association of the Board of Trade for the best decorated car driven by a lady. Another $50 in prizes will be divided as follows:

1st prize of $25, 2nd prize of $15, and 3rd prize of $10 for best general decorated car.

Mr. Robert A. Playfair, manager of the Begg Motor Company, is in charge of the parade and all entries are to be sent in to him.

SAYS SYSTEM WOULD ONLY BENEFIT WEALTHY

Children of Poor Would Be Handicapped by Affiliated College Plan, Declares Trustee Mrs. Andrews

Declaring that to proceed with the affiliated college idea, the School Board will be creating a condition where the rich man's child will have a distinct educational advantage over the poor man's at so-called public schools, Trustee Mrs. Andrews yesterday afternoon supplemented her statements made at Wednesday night's meeting of the board.

Mrs. Andrews refers to a resolution passed January 28 and moved by Trustee J. L. Beckwith, seconded by Mr. Joshua Kingham, to the effect that a committee be appointed to interview the Government and that legislation be so amended as to compel the University of British Columbia to grant first and second year affiliation privileges to the Victoria High School on similar terms to those recently enjoyed with McGill University. Mrs. Andrews contends that the scheme now considered by the board does not provide for such an arrangement.

Mr. Woodward Protests.

The question which Mr. Eugene Woodward, president of the Trades and Labor Council, sought to put before the School Board on Wednesday night, and which was not admitted, was yesterday made public by Mr. Woodward. He stated that he wished to voice labor's emphatic protest against the imposition of a fee of $40 or $50 for high school tuition, as had been suggested. He declared that such a fee would prevent many workingmen from sending their children to the high school, and he pointed out that many of the most brilliant products of the public school system were the children of workingmen.

That the slight of Wednesday night was only one of a series of offenses by the board against organized labor was the assertion of Mr. Woodward, who said that only a few days ago organized labor was completely ignored in a movement initiated by the board and in which several other public organizations were invited to participate.

COUNCILLORS TALK OF WARD ABOLITION

Discussion on Individual Ward Requirements in Saanich Works Committee Leads to Advocation of Change

The abolition of the ward system in Saanich was advocated by members of the Council at a meeting last night after a tumultous argument, into which every councillor had pitched his ward needs.

The Council was in Works Committee and the discussion had simmered down somewhat when Chairman Henderson burst out: "This is the difficulty of having Saanich divided into wards. It's just like seven municipalities. We should have one big main road fund."

Councillor Brooks agreed that the abolition of the ward system would be a good thing.

Reeve Watson believed that the Council had the power to abolish the ward system.

Councillor Clark again interposed, pointing out that the Council should be more representative of the municipality as a whole and should exercise a broader view.

Councillor Henderson was of the opinion that the ward system was the best in choosing representatives but not from the standpoint of expenditure.

The discussion died out as suddenly as it rose and nothing was done.

OBITUARY NOTICES

WOODS—The funeral was held yesterday afternoon at 2 o'clock from the Sands Funeral Chapel of Emily Mary Woods, the 2-year-old daughter of Mr. Harold and the late Mrs. Woods, of Gordon Head. Many friends attended and many floral offerings were sent. Rev. F. A. P. Chadwick officiated. Interment was made in Ross Bay Cemetery.

EVANS—The funeral of Gyna Evans, the 9-months-old son of Mr. and Mrs. David Evans, of 68 Regina Avenue, whose death occurred at the Royal Jubilee Hospital last Sunday, was held yesterday afternoon from the Sands Funeral Chapel. Many friends attended, and the little casket was covered with the numerous floral offerings. Rev. Mr. Walker officiated and interment was made in Ross Bay Cemetery.

PROVINCIAL APPOINTMENTS

Mr. Rupert L. Cox Named Official Administrator for County of Victoria—Other Appointments

Mr. Rupert Leslie Cox, of Victoria, has been appointed official administrator for the County of Victoria in succession to the late Mr. William Monteith.

Other provincial appointments announced in the current week's Provincial Gazette are:

To be Notaries Public: Messrs. Harry J. Foote, George R. Riley, F. J. Crossland, Ernest B. Stapleton, George Kellett, Francis Colbourne and A. C. Des Brisay, all of Vancouver; Richardson Colthurst, of Kelowna; R. Pearce, of Victoria, and Richard H. Moore, field supervisor for the Soldier Settlement Board, at Prince Rupert. Messrs. William J. Shields, of Lumby; Robert McCuaig, of Courtenay, and R. M. J. McDougall, of Penticton, are named Justices of the Peace.

Mr. William Edward Williams, of Prince Rupert has been appointed a member of the Provincial Game Conservation Board in succession to the late Mr. Frank Mobley, M.P.P.

Messrs. Alan Anderson, of Kaslo, and James B. Williams, of Vancouver, are appointed commissioners for taking affidavits within the province. Dr. Rex E. Page, of Hutton, is named medical health officer and medical inspector of schools for the Hutton district.

DEFIES COUNCIL AND BUILDS FENCE

Saanich Resident Encroaches on the Road Line in Spite of Order—Council Investigating

Openly defying the Saanich Council, Mr. Duncan Greaves has built a picket fence in front of his place on East Saanich Road eight feet over the road line as set by the municipal engineer.

Mr. Greaves was told by the engineer that he was encroaching. He evidently resented the interference, and went on with his fence. The Council passed a resolution ordering the fence back to the line, but Mr. Greaves finished it.

Pompeii, just before its destruction, was wrestling with the problem of suffragette pickets.

CUSTOMS OFFICIAL WEDS BELGIAN GIRL

Colonel A. B. Carey, Vancouver Collector of Customs, Married on Wednesday to Mlle. Cauwenberghs

VANCOUVER, May 13.—An interesting romance dating back from the early days of the war culminated yesterday in the marriage, solemnized by Rev. James S. Henderson, of St. Andrew's Church, at his residence, Pendrell Street, between Col. Alfred Blake Carey, collector of customs at Vancouver, and Madamoiselle Cauwenberghs, of Brussels. The wedding was kept a strict secret outside of the immediate circle of friends of the bridegroom, who was supported by Capt. A. Gray, an officer in Col. Carey's battalion overseas, while Mrs. Gray attended the bride. Immediately after the ceremony the happy couple left for the South to spend their honeymoon. The bride, a charming Belgian girl, only arrived from overseas on yesterday morning's train, a few hours before the wedding.

Lieut.-Col. Alfred Blake Carey, C.M.G., D.S.O. and bar, has had a most active career in civil life as well as a very distinguished record of war services. Enlisting in 1916 as a lieutenant in the 67th Battalion Western Scots, he was rapidly advanced in his active service experiences in France. During the Spring of 1917 he commanded the 102nd Battalion through all the operations which culminated in the capture of Vimy Ridge by the Canadians. After the Vimy Ridge "show" Col. Carey was given command of the 54th Kootenay Battalion, and remained in that appointment until the end of the war, bringing the battalion back to Canada.

A civil engineer by profession, Col. Carey came to Vancouver in 1906. He is a native of Ontario and a graduate in science of an Eastern university. He was at one time in charge of some of the large hydro-electric development undertakings of the B. C. Electric Railway Company. He was associated with the Coquitlam dam installation and later the hydro-electric development on the Jordan River, on Vancouver Island. He is a young man with a high record for executive ability. During the war he was wounded three times and mentioned in dispatches five times.

He was appointed collector of customs for the port of Vancouver about the beginning of this year.

WEDDINGS

Hay-Richardson

The many friends of Miss Maude Pauline Richardson, daughter of Dr. and Mrs. Alan Richardson, of Victoria, will be interested in the following account of her marriage, taken from a Shanghai paper of April 12 date:

"An event of a nature in which Shanghai always takes a considerable interest was celebrated on Saturday, April 10, when, at Holy Trinity Cathedral, a military wedding took place. The bridegroom was Mr. James Sinclair Hay, fourth son of Mr. and Mrs. Hay, of Bracknell, Berks., and he was married to Miss Maude Pauline Richardson, daughter of Dr. and Mrs. Alan Richardson, of Victoria, B.C. The bridegroom, who served during the war in the R.F.A., retiring with the rank of lieutenant-colonel, has now accepted a lieutenant's commission in the Shanghai Volunteer Artillery, and members of the battery turned out in force for the occasion. The bridal carriage was drawn by an artillery team, and in addition there was a guard of honor, under Capt. R. W. Davis. The bridegroom appeared in uniform, and was accompanied by Lieut.-Col. J. E. Needham, O.B.E., also in uniform, while a further military touch was added by the presence of Major C. M. Manners, O.B.E., who gave the bride away. The bride wore a tailor-made white broadcloth costume, with white satin hat trimmed with panne velvet and orange blossom. The Very Rev. Dean Symons officiated. Following upon the church ceremony a reception was given by Major and Mrs Manners at their house in the Chartered Bank Building. Later in the day Lieut.-Col. and Mrs. Hay left for their honeymoon, which is taking the form of a houseboat trip up country."

Preying by lions on gazelles furnishes a constant theme in Arabic poetry.

LIFT OFF CORNS!

Doesn't hurt a bit! Sore corns lift right off with fingers. Magic!

Costs few cents! Drop a little Freezone on that touchy corn, instantly that corn stops hurting, then you lift it right out with the fingers.

Why wait? Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without soreness or irritation. Freezone is the much talked of discovery of the Cincinnati genius

CHAPTER PLANS FOR ALEXANDRA ROSE DAY

Failing to Secure Civic Authorities' Permission for Tag Day, I.O.D.E. to Sell Roses in Stores

Undeterred by the refusal of the City Council to permit the observance of Alexandra Rose Day as in previous years, the Municipal Chapter of the Daughters of the Empire at their monthly business meeting yesterday afternoon decided to accept the offer extended by several of the leading stores of the city to sell the roses on their premises, and Saturday, June 12, was selected as the date on which the event should be held, in lieu of the tag day which held sway in former years.

Besides the privilege of selling the roses in the stores the members hope to be able to establish small decorated booths in the banks during the morning hours. No effort will be made to dispose of the flowers on the street and they will be sold for a nominal sum or as much more as friends of the movement are prompted to give. The proceeds will as heretofore be distributed among several of the best known and most deserving charitable institutions and funds. Mrs. A. F. Griffiths was appointed convener of the committee in charge of arrangements, which will comprise the regents of all the chapters.

Reports Received

Mrs. David Miller, the delegate to the annual meeting of the Provincial Chapter at Vancouver, gave a concise account of the proceedings, and other reports received included that of the Echoes' secretary, Mrs. Doig, and of the educational secretary, Miss A. B. Cooke. The latter drew the attention of the various chapter representatives to the neat framing executed on the I. O. D. E. pictures ordered by "J" Unit Chapter from a returned soldier and commended his work as worthy of support.

Mrs. Hasell reported on the arrangements under way for the part the Daughters of the Empire will take in the Hudson's Bay Company pageant of May 24, and outlined the leading features planned by the committee in charge of the arrangements. She urged members to attend the meetings to be held within the next week or two, when final touches will be added to the decorations for the float, which will be symbolical of the ideals of the order.

It was decided to hold a special meeting next Monday evening, May 17, at the headquarters, when the proposed amendments to the constitution will be considered and the delegate to the National Chapter meeting will be instructed concerning votes.

Against Bi-Lingualism

BRANTFORD, Ont., May 13.—The Anglican Synod of Huron diocese unanimously passed a resolution memorializing the Government in regard to bi-lingualism in Canada, and reasserting the stand taken by the Synod last year, that English only be the language of instruction in the public schools of the Dominion with the exception of Quebec, and that all examinations be conducted in English.

Edelweiss is famous, not because of its beauty, but by reason of its scarcity.

FACTS ARE GIVEN BY MRS. FULLER

Declares Tanlac Restored Her Health in Surprisingly Short Time

Science has discovered that most of the ills that afflict humanity are traceable to a disordered condition of the stomach and the intestines. Keep these organs healthy and active and you will remain strong, sturdy, and well as nature intended you should be.

Therefore, if you are a victim of stomach trouble or any of the numerous disagreeable symptoms resulting therefrom, the experience of others in your own city or community who have testified to the benefits they have derived from the use of Tanlac should appeal very forcibly to you.

Among the many well-known Alberta people who have more recently testified to the powers of Tanlac is Mrs. Edward Fuller, residing at 2486 22nd Street, Edmonton.

"It certainly is wonderful how quickly the right medicine will get a person to feeling well again," she said.

"I hate to think of the awful condition I was in only a few weeks ago for my health had gotten so bad and I was so weak and run down I could hardly hold out through the day. My appetite was gone almost entirely, and, to tell the truth, I had such a dislike for food it was little or no use for me to ever go to the table. Nothing tasted good to me and I just simply had to force myself to eat to keep alive. I had a headache nearly every day that came. Sometimes it was a dull ache and at other times it was a splitting pain that almost drove me frantic. I was so restless and nervous I would wake up every few hours during the night and when morning came I felt so weak and listless it seemed I had no energy at all left. My housework was burdensome and I felt ready to give up just any time. I kept growing worse until finally I broke down completely and had to go to bed, and it was three weeks before I was able to get up again. I seemed to be getting weaker and weaker all the time and I knew if something wasn't done I could not hold out much longer.

"A little more than a month ago I started taking Tanlac, and just think of it, today I am a perfectly well woman and was never in beter health before. My appetite is wonderful. I enjoy everything I eat and I am not nervous or restless in the least, and my sleep is sound and refreshing. Those awful headaches that used to come on me every day have entirely disappeared. My housework is now a real pleasure and I am full of life and energy all the time."

Tanlac is sold in Victoria by D. E. Campbell, druggist, and in Esquimalt by Lang's Drug Store. (Advt.)

WELL KNOWN COUPLE MARRIED IN VERNON

Miss Jean Denovan and Thos. Grantham Norris, Both of Whom Served Overseas During War, Are Victorians

A marriage of wide local interest was celebrated at the chapel of All Saints, Vernon, on Friday, April 30, when Jean Mary, elder daughter of Mrs. Etta Denovan, of this city, became the bride of Thomas Grantham Norris, second son of Mrs. Norris, 2123 Cook Street, and the late J. F. Norris, for many years news editor of The Colonist. The Rev. E. P. Laycock performed the ceremony, which took place in the little church erected to the memory of soldiers who fell in the late war, and which was very beautifully decorated with flowers for the occasion.

The bride was given in marriage by Lieut.-Col. G. Chalmers Johnston, C.M.G., D.S.O., late commanding officer of the 2nd C.M.R., now superintendent of the Soldiers' Settlement Board at Vernon. She wore her smart travelling dress of navy serge, with hat en suite, and carried a bouquet of roses, and attending her as bridesmaid was Miss Kathleen Fitzmaurice, daughter of Captain R. Fitzmaurice, late of the 102nd B.C. Battalion, now Mayor of Vernon. The best man was Captain Birchell O. Oughton, formerly of 16th Battalion and the R.A.F., now district solicitor for the Land Settlement Board at Vernon.

After the service at the church the bridal party repaired to the home of Mrs. (Capt.) Downes, where the wedding supper was served, and subsequently Mr. and Mrs. Norris left for Kalamalka Lake to take up their residence there for the Summer.

Both bride and bridegroom are very well known and have hosts of friends in Victoria. The former graduated from the Jubilee Hospital Nurses' Training School, and went overseas during the war with the Canadian Nursing Corps, serving for a time at one of the base hospitals in France. The bridegroom, who is a member of the local law firm of Beckwith, Clay & Norris, is solicitor for the Soldiers' Settlement Board at Vernon, and only a few weeks ago went there to take up his duties. He saw long service overseas, enlisting here right at the outbreak of the war, and leaving with a draft of the 49th Battalion early in the Spring of 1915. Promoted to lieutenant on the field, he also was awarded the Military Cross and Bar for distinguished services given.

OTTAWA, May 13.—Brigadier-General Gwynne, C.M.G., of the headquarters staff, is retiring, and will leave about July 1 for the West, where he will reside in the future.

Two Specials for the Week-End

FOR the woman who feels that she would not be justified in spending more than $40 for a Summer Coat or Suit, we have selected the following high-grade garments and priced them exceptionally low for the occasion:

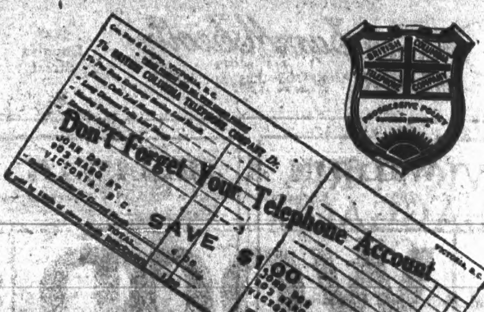

Coats at $39.75

AGAIN ALARM BELL OF BASTION RINGS

Unique Reminder of Bygone Days Awakens Echoes at Nanaimo Social Function

NANAIMO, May 13.—For the first time in many years the old bell of the Bastion was rung yesterday. The Native Daughters were holding a reception in the ancient fortress and the bell-ringing was a part of the unique entertainment of the afternoon and evening. About 130 guests were entertained, most of whom had not seen the Bastion's sombre interior nor its interesting relics. The programme was contributed by Mrs. Trawford, Mrs. Parks, Miss Blundell, Miss Merrifield, Miss Helen Gordon, Miss Margaret Martindale as singers; Mrs. Newman, Miss E. Johns, Miss Rachel Cunliff, at the piano, and Mr. W. J. Woodward, in recitation.

HAPPENINGS IN AND ABOUT PORT ALBERNI

PORT ALBERNI, May 13. — The Alberni Shingle Company, Limited, hopes to be running within the next month. At present three members of the company, Messrs. Copas, Brown and Winters are hard at work preparing the site.

The youthful population are eagerly looking forward to the two performances that are to be given today by Buller's trained animals.

Mr. Leslie Grossmith is booked to give a recital here on Saturday, May 15, and will be assisted by Mr. Edwin Brooks, solo violinist.

The Ladies' Auxiliary of the G.W.V.A. are holding a jumble sale in the G.W.V.A. hall this afternoon.

The long-looked-for daily train service starts on Monday, May 17, and in view of the fact the Board of Trade has wired the post office authorities requesting that the mail be carried daily, as the present intention apparently is that the mail shall continue to be carried only on the usual tri-weekly service.

The mail boat "T.H.L.," which has undergone recent alterations, being lengthened and all accommodation greatly improved, is back again on her run, and the genial captain has invited all the members of the Board of Trade on a trip to demonstrate to them the speed and capabilities of his craft.

Owing to the larger number of children of school age who have just started, or will start next term, it has been found imperative to build a new school, and the plans for the same have been prepared by order of the City Council. There are at present 190 children on the roll, and many more are anxious to attend when accommodation can be found for them.

Fishing is in full swing, and some of the local enthusiasts have reported large catches at Sproat Lake, the trolling as usual being fully up to past seasons.

The tourist traffic, from present indications, looks like beating all records, and hardly a room can be obtained at the hotels without reservation.

NANAIMO NEWS NOTES

NANAIMO, May 13.—Three sons, Robert, William and Sinclair Swanson, and J. H. Trundell were the pallbearers at the funeral yesterday of the late John Swanson. Rev. Dr. Unsworth conducted the service.

Fred Corsini, of Extension, who pleaded guilty in the Provincial Police Court yesterday on a charge of having liquor in his poolroom, was fined $50 and costs.

On account of the small attendance of men at the Brotherhood meeting last night the visitors did not give the addresses as announced. They speak in Courtenay tonight and Ladysmith Friday.

The Girls' Class of Needham Street Sunday School held a very successful sale of work yesterday, the proceeds to be devoted to the renovation of the school.

Under the auspices of the Nanaimo and District Teachers' Association, Prof. Dr. Dedgwick, of the University of B. C., will deliver a public lecture next Saturday evening in the G. W. V. A. Hall.

The Mock Parliament, which meets tonight, will sit on May 20 and 27, proroguing at the latter date.

Mrs. Davis, of Grass Valley, Cal., is visiting her sister, Mrs. George Johnson, Chapel Street, whom she had not seen since she resided here 25 years ago.

Mr. Ludlow, of New York, of the Granby Consolidated Company, accompanied by Mrs. Ludlow, visited the company's holdings at Granby.

BOARD OF TRADE OFFICERS

Nanaimo Merchants Hold Annual Election of Officials for Current Year at Luncheon

NANAIMO, May 13.—After luncheon yesterday noon in the Lotus Hotel, the officers of the Board of Trade, Mr. Harvey Murphy, president; Mr. G. A. Beattie, vice-president; E. H. Bird, treasurer, and Mr. T. B. Booth, secretary, brought in their report as a nominating committee, which was indorsed by the members. The council of the board consists of Messrs. J. F. Doyle, J. W. Coburn, J. S. Knarston, Peter Conroy, A. C. Foreman, R. H. Ormond, J. M. Rudd, John Shaw, F. S. Cunliffe and A. Leighton. The following are the chairmen of the various committees: Trade and Commerce, J. F. Doyle; Railways and Transportation, J. W. Coburn; Harbors and Fisheries, J. S. Knarston; Reconstruction, Peter Conroy; Industrial and Agricultural, A. C. Wilson; Public Works and Shipbuilding, J. M. Rudd; Mining and Lumbering, John Shaw; Finance and Legislation, F. S. Cunliffe; Civic, F. A. Bushy; Publicity and Reception, R. H. Ormond; Tourist and Development, A. Leighton. The work of the year was discussed by the president, vice-president and chairmen of committees.

May Queen Honors

NANAIMO, May 13.—For May Queen honors Miss Lizzie Dand, the Weeks Motor candidate, still maintains a good lead over the other five. The standing after yesterday's count was: Miss Dand, 2,694; Miss M. Haughan, Hospital candidate, 1,231; Miss Jean Nixon, Mr. Thirsk's candidate, 1,747; Miss Kate Vater, I. O. D. E., 1,187; Miss Gladys Hindmarch, Public Schools, 1,035; Miss Hazel Docherty, B. C. Telephone, 872. Little Robert Belyea is first of the eight pages with 572 votes.

INCOME TAX RELIEF

Duncan Board of Trade Not Satisfied With Chancellor of Exchequer's Concessions

DUNCAN, May 13.—Not fully satisfied with the statement of Mr. Austen Chamberlain, the British Chancellor of the Exchequer, relative to amelioration for those living in this country who have to pay the income tax in the United Kingdom, the Board of Trade here has sent the following telegram to Hon. S. F. Tolmie, at Ottawa:

"Unless the same relief be afforded to British subjects resident abroad as to those resident in the United Kingdom, as recommended by the Royal Commission, moderate incomes will derive no benefit from the promise given in the Chancellor of the Exchequer's budget speech. In the verbatim reports of this speech it is not stated that British subjects living abroad are granted this relief except as regards double income tax. We wired Sir George Foster on April 21 on this point, which is of paramount importance. Please telegraph what action has been taken. We are troubling you in the absence of Mr. J. C. McIntosh."

SWIMMING CLUB'S FLOAT OBJECTED TO

Delegation of Residents Protest to Saanich Council Against Situation of Clubhouse

For the purpose of asking that the floating clubhouse of the Victoria Amateur Swimming Club be removed from its present position on the Gorge above the bridge, a delegation waited upon the Saanich Council last night.

The claim was made by the delegation that the float was in front of private property and the natural beauty of that part of the Gorge was being spoiled.

The noise and hilarity of the club members on Sundays was another matter of protest, one delegate remarking that the swimmers were welcome to their own opinions on keeping the Sabbath, but had no right to enforce them on the community.

As the main spokesman of the delegation, Mr. R. S. Thompson stated that the float should be shifted to the water in front of the City Park below the Gorge bridge. He added that the residents of the district had no intention of letting the matter drop if the Council would not have the float moved. The Swimming Club, Mr. Thompson claimed, had corralled an acre and a half of water.

PLANS ALL SET FOR CANADIAN CLUB LUNCH

Sir Robert Kindersley, Head of Hudson's Bay Company, to Speak Next Friday

Arrangements are now complete for the Canadian Club luncheon being given in the honor of Sir Robert Kindersley, governor of the Hudson's Bay Company; it was announced last night by President John Cochrane. The luncheon will be held at the Empress Hotel a week from today, commencing at 12 o'clock noon.

The subject of Sir Robert's address will be "Citizenship and Savings."

Advice cards will be sent out to members at the beginning of the week and tickets will be placed on sale next Wednesday and will be available only to members in good standing. Admission tickets to enable members of the Women's Canadian Club to hear the address will be issued to the number of two hundred without charge on this occasion. Notice of the time and place of the disposal of these tickets will be announced later.

Nova Scotia Merger Bill

HALIFAX, May 13.—The steel merger bill in connection with the British Empire Steel Corporation was reported favorably from the committee of the whole in the House of Assembly last night.

TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can eat as they please in reason, and make it a practice to counteract the effect of that harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bisurated Magnesia after their meals.

There is probably no better, safer or more reliable stomach antacid than Bisurated Magnesia, and it is widely used for this purpose. It has no direct action on the stomach and is not a digestant. But a teaspoonful of the powder or a couple of five grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and healthfully without need of pepsin pills or artificial digestants.

Get a few ounces of Bisurated Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and in the Bisurated form is not a laxative. Try this plan and see what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."

ROTARY OFFICERS HAVE BEEN CHOSEN

Selection Completed at Yesterday's Luncheon — Mr. James H. Beatty Is First Vice-President

The Rotary Club yesterday completed the election of officers, and they will be formally installed at the annual banquet of the organization to be held in the near future. Two weeks ago Mr. Clifford Denham was selected to succeed Mr. J. F. Scott as president, he being the only nominee. Mr. George I. Warren was the unanimous choice for sergeant-at-arms.

Yesterday Mr. James H. Beatty was chosen as first vice-president, the only contestant being Mr. Ernest J. Down. Selection of Mr. Beatty gave further evidence of his popularity among Victoria's business men. Only a few weeks ago he was elected vice-president of the Board of Trade.

For second vice-president, Mr. H. P. Johnson was selected, the other nominees being Messrs. Alex. Peden and Mr. A. T. Purser.

Mr. C. B. Deaville won out against Mr. P. B. Schmeelk for treasurer, and the three directors chosen from a field of twelve candidates were Messrs. P. B. Scurrah, Herbert Kent and Lester Patrick. Others in the running were Messrs. Stewart Williams, George Bushby, R. Hetherington, J. H. Talling, J. T. O'Brien, R. A. Playfair, J. H. Fletcher, C. B. Jones, T. P. McConnell, V. C. Martin.

Among the speakers at yesterday's luncheon, which was held in the Empress Hotel, were Messrs. James B. Thomson, chairman of the Provincial branch of the Canadian Manufacturers' Association, and Mr. R. W. Mayhew, vice-chairman of the Vancouver Island section of that organization. Both spoke on the plans of the association for the big convention here in June and asked for the support of the Rotary Club. They pointed to British Columbia's wealth of natural resources and the imperative necessity of encouraging industries to come westward. The convention offered many opportunities for the ultimate attainment of this objective.

SOCIAL AND PERSONAL

Dr. Bell-Irving, of Vancouver, accompanied by Mrs. Bell-Irving and Miss Dorothy Bell-Irving, are spending a few weeks' vacation at Cadboro Beach Hotel.

Miss Phyllis Beck, of this city, is visiting in Vancouver, the guest of her sister, Mrs. Percy M. Liddell, Point Grey.

Miss Edna Humber, who has been spending the past week in Vancouver, the guest of Miss Mavis McAlpine, Point Grey Road, has returned home.

Mrs. J. L. Raymur, of Victoria, is visiting in Vancouver with her cousin, Mrs. W. E. Graveley, Georgia Street.

Dr. A. R. Baker, chairman of the Game Board, is in the city from Vancouver for a short visit.

Miss Fannie Hurst, noted author, has revealed her romance, which surpasses in romantic trend any of her gripping tales of love and life. Miss Hurst told how five years ago she was secretly married to Jacques S. Danielson, pianist and composer. She told of the remarkable plan of "trial" they had agreed on and which has brought happiness to them in private life and success in public ventures. She said that five years ago the right man came into her life and she was called upon to choose either a career or love in wedlock. She solved the problem by choosing both. As proof of her belief that she has found the habitation of the dual gods, Success and Happiness, she pointed out the fact that the "trial marriage" which was timed to last one year has reached the end of the fifth year. The couple maintain separate apartments and meet only by appointment. They continue life as before their marriage, cultivate their own friends and, according to Miss Hurst, are "supremely happy."

Captain and Mrs. C. W. Cudemore (nee Brownie Bodwell) have returned to the city from their honeymoon trip in the United States and have taken up their residence at Rockland Avenue.

Mrs. Douglas Johnstone, of Vancouver, is spending a couple of days in the city, having come over to assist at the recital given by Mrs. Gertrude Huntley Green and Miss Isard at the Royal Victoria last evening.

Mr. John L. Beckwith, president of the Board of Trade, left last night on a business trip to Montreal, and will be absent for a few weeks.

Among those who are visiting in the city as delegates to the annual meeting of the Columbia Diocesan Women's Auxiliary, now in session, are the following: Mrs. Ryall, wife of the rector of Nanaimo, who is the guest at the Deanery of the Dean and Mrs. Quainton; Miss Parkes, the delegate from the Nanaimo branch, who is the guest of Mrs. Young, 1447 Hampshire Road; Mrs. E. D. Porter, wife of the rector of Chemainus, is visiting her mother, Mrs. Spencer Page, at Mrs. Becton's, 2040 Granite Road; Mrs. Whitcos, President of the Chemainus W. A., is at the Empress Hotel. Mrs. Wells, from Duncan, is the guest of Mrs. Keating, at the Mount Edwards Apartments; Mrs. Collins, from Courtenay, is the guest of Mrs. Luxton, 1485 Rockland Avenue; Mrs. Averill from Cowichan, and Miss Hockley, from Landford, are also attending the meetings. The Misses Gordon of Indian Head, who are spending a short vacation in the city, residing at 1461 Hampshire Road, were very welcome visitors at the meeting. Miss Alice Gordon, who is diocesan corresponding secretary for Qu'Appelle W. A., conveying the greetings from her board to the meeting.

Senator Johnson's Tour

NEW YORK, May 13.—Senator Hiram Johnson will make a tour of the larger cities in the East and Middle West between now and the date of the Republican convention in Chicago, it was announced at Johnson's headquarters here tonight. Senator Johnson's speeches on this tour, it was stated, would be designed to counteract a flood of literature disseminated among business men picturing him as an extreme radical.

Pitcher Lawson Wins Third Straight Game

SPORTING NEWS

Jimmy Wilde Continues To Rock Them to Sleep

LAST INNING RALLY WINS FOR CAPITALS

Sensational Hitting Gives Victoria Victory at Yakima When Defeat Seemed Certain—Lawson's Third

A smashing single by Bill Leard, followed by a single by Carman, the hard-hitting Capital outfielder, broke up a ninth-inning tie and enabled Victoria to win yesterday's contest from Yakima by a score of 6 to 4. The victory gave the Capitals a two-to-one edge on the apple country series, and incidentally let Lefty Lawson hang up his third straight win for Leard's crew.

Lawson pitched a steady game of ball, and while Yakima got nine safeties off his delivery, he was generally effective, and was given good support by his teammates. Victoria's hitting came when hits meant runs, as demonstrated by the fact that the Capitals made five hits count for six tallies.

Wolfram and Barnabe, the two Yakima hurlers, were erratic, and the infield behind them booted away several chances, but it was the veteran Pat Eastley, who won the opener for the Yakima tribe a couple of days ago, who gave away the game. Pat stepped into the box in the ninth inning to replace Wolfram when the Capitals had only a single run as against Yakima's three. Two men got on bases, and then Leard leaned against the ball for a two-base hit, and then Carman smashed out a burning single. When the smoke had cleared Victoria had tucked away enough runs to make it a decisive victory.

EIGHT CREWS ENTER FOR SPRING REGATTA

J.B.A.A. Oarsmen Fit and Ready for First Starting Gun Tomorrow—Races Start at 2:30.

Everything is now in readiness for the opening regatta of the J. B. A. A. tomorrow, when eight crews from the club will battle for rowing honors in the Spring Regatta for possession of The Times Cup.

The races will be rowed over a three-quarter of a mile course from the Choiberg Shipyard to the Club boathouse.

The regatta starts sharp at 2:30 p.m., and all crews must be on hand on time or else they stand the chance of forfeiting their heat. The officials are determined to run off the regatta with the usual precision, and, as soon as one heat has been rowed, the next crews to row must be ready to get right into the boats.

The heats and times of rowing were drawn as follows:

Heat

No.		Time
1	Day vs. Maclachlan	2:30 p.m.
2	Fraser vs. Bendroat	2:50 p.m.
3	Maclaren vs. Johnson	3:10 p.m.
4	Ablett vs. Travis	3:30 p.m.

Semi-finals:

Winners 1st & 2nd heats..3:50 p.m.
Winners 3rd & 4th heats..4:10 p.m.

Finals:

Winners of heats in semi-finals.

Officials of the regatta are as follows: Starter, Dan O'Sullivan; referee, R. F. Taylor; judges, W. T. Andrews, F. W. Thomas, C. French and R. L. Cox; stewards, J. Y. Simpson; R. D. Travis; W. S. Day.

The club's speed boat will be in commission and used by the officials of the regatta for the first time this season.

From now on the boat will be kept busy by the coach training the crews for the N.P.A.A.O.

PROGRAMME REVISED FOR INDIAN REGATTA

In order to satisfy the wishes of the Vancouver Island Indians who are taking part in the big Hudson Bay Indian regatta at the Gorge on May 24th a change has been made to the programme already published. The revised programme and prize list is as follows:

Events	—Prizes— 1st	2nd	3rd
War Canoe race, 11 paddles, 40 ft. and up	$121.00	$60.50	$30.25
Klootchmen's race, war canoes, 11 paddles	44.00	22.00	11.00
Canoe tilting	5.00	2.50	....
Double canoe race for men	10.00	5.00	2.50
Single canoe race for men	5.00	2.50	....
Crab race, men	5.00	2.50	....
Beach canoe race	5.00	2.50	....
Log rolling	5.00	2.50	....
War canoe race, 11 paddles, under 40 ft.	55.00	27.50	[illegible]
Upset canoe race	5.00	2.50	....
Swimming race, men, 50 yards	5.00	3.00	2.00
Greasy pole	10.00	....	....

SHAMROCK'S SKIPPER SAILS FOR NEW YORK

SOUTHAMPTON, May 13.—W. P. Burton, who will sail Shamrock IV., Sir Thomas Lipton's challenger for the America's Cup, departed for New York today on board the steamer Adriatic. Mr. Burton said he and his crew thoroughly understood each other, that they all had sailed together on the yacht Octavia, and had won 31 out of 45 races.

NANAIMO SOCCER

NANAIMO, May 13.—The business men of Merchants United succumbed to the Harewood and Wakesiah miners by three goals to none in a City League game yesterday.

Who signed on with the Capitals as a pitcher and worked in one game. On Wednesday at Yakima, when Bill Leard was chased from the game, Robke filled in at second base and worked well.

WILDE LANDS KAYO IN SECOND ROUND

PHILADELPHIA, May 13.—Jimmy Wilde, British flyweight champion, knocked out Battling Murray, of Philadelphia, in the second round of a scheduled eight-round bout here tonight.

FLUKES HAVE FIGURED IN WINNING TITLE

New Middleweight Champion Is an Unknown—The Title Traced Back to Jack Dempsey's Time

NEW YORK, May 12.—The middleweight title again is in hock. This time a chap named Johnny Wilson, of way down East, holds the ticket.

Now, who ever heard of Johnny Wilson, except, perhaps, his mother, the ward alderman and his barber? But he defeated Mike O'Dowd and got a decision, so he therefore is the champion.

And, for that matter, who was excited over Mike O'Dowd before he flattened Al McCoy?

The argument can be carried only back to the days of Jack Dempsey, for fighters before his time are rather out of the reckoning of present-day fans and their methods were totally different from those in vogue today.

Dempsey drew the title when he laid claim to it in 1884, after Mike Donovan allowed it to lapse in 1882. He defended it successfully until one day George Lablanche, the marine, bounced a pivot blow off his chin and won by a knockout. The pivot blow was immediately barred.

This was the first of the flukes that were to continue the course of the class. LaBlanche was a short-time king, for he was knocked out shortly afterward by another second-rater, Young Mitchell.

Fitz Real Fighter.

Dempsey claimed the title and was knocked out in thirteen rounds, January 24, 1891, by Bob Fitzsimmons, who was truly a great fighter and entitled to the victory.

Fitzsimmons graduated from the middleweight class in order to go out and whip the heavies. Kid McCoy and Jack O'Brien were recognized as entitled to consideration, but the title really lapsed until Stanley Ketchel laid claim. He was recognized after defeating Jack Twin Sullivan. Then on September 7, 1908, another fluke came along. Billy Papke knocked out the great Ketchel.

On November 26 of the same year, Papke and Ketchel again met and the trick antics of the title again cropped out. Ketchel won by a knockout in eleven rounds. Just to show how versatile it could be, the jinx laid hold of Ketchel in the shape of a bullet. He was shot and killed October 15, 1910.

Billy Papke, of course, claimed the title, and was recognized. He knocked out Willie Lewis in France, but was himself defeated by Cyclone Johnny Thompson in Australia. Both boys later outgrew the weight limit and there was a scramble for the title, most critics giving recognition to Frank Klaus.

Chip Scores Encore

In 1913 Klaus made the mistake of entering the ring with George Chip and was knocked out. He didn't believe it could be done, so Chip repeated for him.

Chip was the recognized claimant of the title until a year later, when he also walked into the ring with a "set-up" named Al McCoy and was knocked out in a round.

Of all these alleged and real champions, McCoy was the worst, but he managed to hold his claim to the title until November, 1917. He engaged in the last fight under the Frawley law in New York with Mike O'Dowd as his opponent, and was rocked to sleep.

Soccer Line-up

The Harbor Marine soccer team for Saturday will be composed of T. Bridges, Haines, Ord, Roe, Miller, Brown, Ackroyd, Brewster, Owens, Swan, Harwood; reserve, McDonald.

ETHELDA BLIEBTREY WINS 50-YARD TITLE

LOS ANGELES, May 13. — Miss Ethelda Bliebtrey, of the New York Women's Swimming Association, won the National A.A.U. 50-yard women's national swimming championship here tonight, swimming the distance in 29 1-5 seconds, one-fifth of a second slower than the world's record.

Ball Player Sued.

SALT LAKE CITY, May 13. — An order restraining "Nick" Cullop, Salt Lake Coast League pitcher, from playing independent baseball pending settlement of a suit for damages brought against him by the club owners, was issued in the Federal Court here yesterday.

WILLOWS TRACK WILL BE IN FINE SHAPE

Walter Revercomb Says Race Meet Will Be Biggest of Its Kind Ever Held in Pacific Northwest

"Victorians are going to see the largest and speediest aggregation of speed cars ever collected on a dirt track in the Pacific Northwest at the race meet, Saturday, May 22," declared Mr. Walter Revercomb, vice-president of the Victoria Auto Sports, Limited, yesterday.

"Up to the present twelve entries have been received by Mr. Hiller, who is in charge of the races, and tomorrow's mail will bring many more. The track is getting into excellent shape, and by the day of the meet it will be ideal for racing."

About Wednesday next the cars will start to arrive in Victoria from Vancouver, Seattle and other Puget Sound cities. The public will be invited to see the cars work out during Thursday and Friday afternoon, so that they can get a line on the real fast ones.

Mr. J. A. Rithet, of this city, will act as official referee, and Mr. Harry Treat, of Seattle, will act as starter, while other officials will be announced later.

COMRADES WITHDRAW FROM CRICKET LEAGUE

Garrison Will Play Cowichan Tomorrow — Two League Games on Local Grounds—Selected Teams

The Comrades C.C., having withdrawn from the Senior Cricket League, the Incogs, who were to have played them tomorrow, will have a bye, and the only two games on the schedule will be Victoria vs. Five C's, at the Jubilee Hospital, and Congos vs. Albions, at Beacon Hill.

The Garrison will play Cowichan at Duncan.

Play in the first division of the Junior League will start tomorrow week, when the Five C's juniors will play the University School at the school grounds. The V.D.C.A. is anxious to get at least one more entry for the second division of the Junior League.

Teams announced to represent respective clubs in tomorrow's Virtue Cup games are as follows:

Albion C.C.—Walton, Freeman, Parsons, Jordan, Hoggarth, Lowdon, Johnstone, Attwell, Booth, Bossom and Lowe.

Five C's—Edwards (captain), Sutton, Wilkinson, E. Quainton, Dean Quainton, Payne, Hincks, Captain Sharp, Ross, Winsloe and Booth. Reserves, Birch-Jones, Foulds and Feakins. Mr. Barker will umpire.

Congos—Collett (captain), Ferris, Tucker, Charman, Wells, W. Speak, H. Lock, E. R. Lock, H. Gardler, Gordon Leeming, W. Erickson. Reserves, P. Oliver and Pargiter.

Victoria C.C.—H. A. Goward (captain), J. H. Gillespie, S. Gillespie, D. Gillespie, W. A. McAdam, F. J. Marshall, H. Orchard, L. H. Vaughan, A. F. Mitchell and G. G. Morriss.

LEAGUE BASEBALL

SAN FRANCISCO, May 13.—Richard ("Dick") Dwyer, nationally known as a racing starter, died here tonight at the age of 66. Dwyer was acquainted in horse racing circles all over the United States. He was born in New York.

HORSE RACING WILL BE STARTED AGAIN IN CANADA TODAY

MONTREAL, May 13.—After a suspension of three years due to the war, racing will be restarted in Canada tomorrow when Mount Royal mile track opens. This meeting inaugurates the season of the tracks under the Canadian Racing Association, which are located in Montreal, Ottawa, Toronto, Hamilton, Fort Erie and Windsor. Racing will be continuous at the association's tracks from now until the Fall.

Baseball Opening Game Attendance Contest

How many people do you think will be present at the opening game of the Baseball season, May 18, between Bob Brown's Beavers (Vancouver) and Bill Leard's Capitals (Victoria)?

The Baseball Editor of The Colonist is authorized to present a season's pass for one (or two if the winner is married) to the person stating the nearest correct estimate. Everyone guessing within 50 of the number present will receive a ticket for the game on Saturday, May 22.

Watch this space for further details.

Cut This Out and Mail It Today to Baseball Editor, Colonist

SEATING AT STADIUM SPECIALLY ARRANGED

Fans in Grandstand and Bleachers Will Be Made Comfortable—Work Practically Completed.

With almost lightning speed the new stadium has assumed its shape and proportions and by tomorrow night the grandstand and bleachers will be completed and there will only remain a little work to be done in the diamond and outfield by the steam roller, which is very active.

The Stadium has been constructed in record time. A few weeks ago the ground was as rough as a mountain ridge, but ploughs and scoops have leveled the surface and the steam roller has made it almost as smooth as a billiard table.

The infield will be remarkably fast. Large quantities of burnt clay have been screened and spread over the diamond. This has been watered and the roller has packed it down solidly. There will be little chance of a ball taking a bad hop and it will provide unexcelled opportunities for fast play.

The outfield is in splendid condition and the fielders will have plenty of room to romp around in. There will be no chance of a ball being lost in the tall grass and it will take an awfully high and hard hit ball to clear the fences.

At first it was intended to have the plate 30 feet in front of the grandstand, but this has been increased to 40 feet, and will give the catcher additional space in which to grab foul balls. This makes the measurement to the rightfield fence 325 feet; to centrefield, 510 feet, and to leftfield approximately 350 feet. A person may obtain a better idea of these distances when they learn that the centrefield fence at the Royal Athletic Park is only 215 feet from home plate.

President O'Brien is greatly pleased with the condition of the new diamond. "That clay is going to make the fastest diamond in the world and we ought to see some mighty fast play," he remarked yesterday afternoon as he glanced over the field.

In designing the grandstand and bleachers every consideration was taken to bring the fans as close into the play as possible. There is no doubt but that the fans will win a lot of close games for the Capitals. In a critical moment of a tie game there will be plenty of chance to unnerve a pitcher or player. One thing a ball fan likes is to get right into the game himself, and at the new Stadium he will be able to attain the desire of his heart.

Spacious seats are provided for the fans. In the grandstand there are comfortable backs while the bleachers have plenty of sitting space and there will be no fear of anyone getting kicked in the neck by the person sitting behind. Instead of having steps in the grandstand runways have been provided. Entrance to the grandstand and bleachers will be from the top and the fans will file down to their seats instead of having to enter by the front and work backwards as at the Royal Athletic Park.

Victoria is to be congratulated on having the unsightly space behind the Empress Hotel converted into a picturesque Stadium and a centre of sport. It will be a big advertisement to this city. There are few ball parks on the continent which are larger than the Stadium and the seating capacity of 7,000 will fulfil the requirements of this city for some time.

DATE IS ARRANGED FOR OLYMPIC TRIALS

VANCOUVER, May 13.—British Columbia Olympic trials will be held at Brockton Point on June 26, it was decided at a meeting of the Greater Vancouver Amateur Athletic Association here tonight.

Events under competition will depend solely upon the talent offering in the various classes, and entries will probably be held open up to within a week of the big meet.

Two handicap meets were also scheduled for the coming season, the first to be held on June 5, and the other on August 21.

DOUBLE-HEADER FOR AMATEUR OPENING

Strong Teams Lined Up for Amateur Baseball League This Year—Season Opens Saturday Afternoon

The Victoria Amateur Baseball League has got down to business, and final arrangements have been completed for the opening games of the season at the Royal Athletic Park on Saturday next. The first game, scheduled to be called at 2:30, will be between the Collieries-G.W.V.A. and the Knights of Columbus. A glance at the lineups of these teams brings forth many old favorites who may confidently expect to bring down upon themselves the wrath or plaudits of the fans, all depending on whether they pull a bonehead play or a grandstand stunt. One of the new faces in senior amateur ranks is Robert Ingersoll Ross, purveyor extraordinary of vegetables in Jack O'Brien's emporium. "Bobby" is a native son whose niche in the hall of fame was attained by a golden smile amidst a bevy of Victoria maidens when he was leaving for overseas. Many photographs of that touching scene are still to be viewed in Victoria. If the horsehide sticks to Robert the way those beauties did, the batteries for the Chicago Cubs about August 1 will be Alexander and Ross, instead of Alec and Killifer. Robert was harpooned by Dave Macfarlane to catch for the Collieries-G.W.V.A.

George Beck was not prepared to divulge the lineup of the Yarrows team yesterday, but promises a few surprises. The other teams have released for publication the following list of players they have signed up:

Knights of Columbus: Catchers, Ben Davis and Roy Cocker; pitchers, "Babe" Fortin and Ray Parfitt; first base, Manley Romans; second base, Jimmie Thompson; shortstop, Stanley Gatuem; third base, Pete McQuade; left field, Bob Acreman; centre field, "Skinny" Millard; right field, "Newsy" Lalonde; and Walsh and Steele as utility men. "Babe" Fortin is piloting the Knights and is fielding a cracking good team.

Dave Is Confident.

Dave Macfarlane handed in his list with an air of condescension that bespoke all the confidence in the world. He casually remarked that he had applied for a vacation in September, as he wished to accompany his boys to Vancouver when they play for the provincial championship. 'Twas ever thus with Dave. The scintillating bipeds roped by him are as follows: Catchers, F. Liddell and Bobby Ross; pitchers, Alex. Straith, Dick Rosman, Tammy McGregor and Jock Cathcart; first base, Haley Jackson; second base, Smiler Pottierow (also relief fielder); shortstop, Hal. McIville; third base, Poke Gravelin; left field, Harry Copas; centre field, Jim Cummins; right field, Roy Copas. On paper it would appear that Macfarlane had cause for confidence in his soldier-coal miners.

Walt Latimer threw out his chest as he handed in his list. And Walter has some chest, we'll say. The animals under his paternal care have romped the diamonds in past years and always acquitted themselves creditably. They include: Theo. Townsley, Walter Gravelin, Balcom, Ross, Green (our Hy), Art Minnis, Frank Moore (the gray-haired youth), Cotette, Plows, McIlmoyle, Chester and Matt Hunter. Matt tried out last year with Foundations, but threw his wing out of gear and laid off for the season. If Matthew plays baseball as he does hockey, Walter Lorimer had a valuable acquisition to the horned tribe.

The amateur league has decided to charge 25 cents straight for all games, double-headers included. Not to be outdone by Lieut. Webb, they also decided to admit free all children under 16 years of age. This will enable the family man to give his youngsters a pleasant evening once or twice a week for next to nothing. This plan was tried out at the amateur hockey games and proved highly successful, and, if the baseball fans patronize the Stadium as the hockey fans did the Arena, everybody will be happy and amateur sport will be on a stronger footing than ever before.

Teams Well Balanced.

The teams this year are pretty well balanced, and there should be no one-sided games. If a team is found weak in certain spots, it is the determination of the league to strengthen that team and make it a formidable competitor of the other clubs. Closely-played games stimulate interest in the sport, and that is what the league executive is striving for.

It is earnestly hoped that the Royal Athletic Park on Saturday afternoon will be taxed to capacity, for a bumper crowd will put pep into the game and encourage the players, who receive no remuneration for their work, but play the game for the love of it.

Kaiser Gets Away.

After discharging a large amount of freight here, the Kaiser Maru got away for Seattle at midnight.

BIG GAME SEASONS ARE FIXED BY BOARD

Open seasons for big game in the Province have been recommended to the Lieutenant-Governor-in-Council by the Provincial Game Conservation Board and will probably be gazetted within the next couple of days. Dr. A. R. Baker, chairman of the board, stated that the dates have been fixed, changes suggested by the various game associations and sportsmen having been taken into consideration in drafting the new regulations.

The game board, besides outlining new big game shooting regulations has recommended that a reserve be established on that portion of Moresby Island of the Queen Charlotte group, south of Hudson Stewart Channel, known as Cape St. James, the home of the great northern sea lions and thousands of seagulls.

The big game seasons have been fixed as follows:

Moose

In the electoral district of Atlin, Fort George, Omineca and Cariboo, September 1 to December 15 for the three years, 1920, 1921, 1922. In the electoral district of Columbia, October 1, 1920, to November 15, 1920.

Caribou

Throughout the Province except on Kaien Island and the Queen Charlotte Islands and except south and east of the Canadian Northern Pacific Railway, September 1 to December 15 for the three years 1920, 1921, 1922.

Mountain Sheep

North of the main line of the Grand Trunk Pacific Railway, September 1, 1920, to November 15, 1920. In the Columbia electoral district, October 1 to November 15, 1920.

Mountain Goat

Throughout the Province, September 1 to December 15 for the three years, 1920, 1921, 1922.

Bag Limits

Reduction in sheep limit in the north. Only two sheep may be killed north of the Grand Trunk Pacific Railway, and only one sheep in East Kootenay.

THE SQUARED CIRCLE

TORONTO, May 13.—Frankie Fleming last night signed up for a match with Johnny Kilbane at 120 pounds for the world's championship at this weight, now held by Kilbane. The pair are to meet at the Grand Army boxing carnival in this city during the week of May 24. Jimmy Wilde, the English champion, who is to box the American champion, Perry Walkos, for the world's title at the Grand Army carnival on May 24, will arrive in Toronto next Monday morning.

PORTLAND, May 13.—Johnny McCarthy, San Francisco welterweight, won a close decision over Frankie Murphy, of Denver, at the end of ten rounds of hard milling here tonight. The bout was a slugging match from start to finish with both men fighting furiously from gong to gong.

Billy Mascott won an eight-round decision over Sammy Gordon. Both are Portland bantamweights.

Joe Mandot, New Orleans lightweight, and Muff Bronson, of Portland, fought an eight-round draw.

Joe Gorman, Portland featherweight, won from Johnny Fiske, of Rock Island, Ill., in a six-round bout.

PRINCE RUPERT, May 13.—Reconsideration of the decision in the Chet Neff and Charley McCarthy 12-round bout, which took place here on Wednesday evening for the championship of the Pacific Coast, has resulted in the event being declared a draw.

MONTREAL, May 13.—It is unofficially announced that Billy Armstrong, formerly of the Pacific Coast, who made such a wonderful reputation as a boxing instructor for the Canadian and United States armies during the war, will accompany the Olympic boxing team to Antwerp as coach.

Launch Shamrock Monday.

NEW YORK, May 13.—Sir Thomas Lipton's Shamrock IV. will be launched, according to present plans, next Monday. Charles Nicholson, the designer, who is due here Friday, will inspect the hull of the Lipton boat before she is sent into the water.

A run over the Malahat and Summit Drive and along the shores of beautiful Shawnigan Lake, and lunch at Strathcona Lodge.

BRITISH LADIES WILL MEET IN GOLF FINAL

Canadian and American Players All Eliminated From Competition for Old Country Championship Title.

NEWCASTLE, Ireland, May 13. —Miss Cecil Leitch, the present champion, qualified for the final round of the British women's golf championship by disposing of Miss Doris Fraser, of Fulshaw, 6 and 5.

Miss Fraser entered the semi-final by beating Miss Alexander, of Belfast, earlier in the day.

In the other semi-final match, Miss Griffiths beat Miss Jackson, the Irish champion, 1 up.

Competitors from Canada and the United States in the British women's golf championship having been eliminated from the competition, the winner of the British title will be decided by the remaining contestants from the British Isles. Both Miss Cecil Leitch, the present champion, and Miss Janet Jackson, the Irish titleholder, came through the fourth round successfully. Miss Leitch defeated Mrs. Dobbell, 7 and 6, and Miss Jackson won from Miss Lovett 8 and 6.

HOCKEY TEAMS WERE ON BEST OF TERMS

NEW YORK, May 13.—Capt. J. W. McCormick, of the United States Olympic hockey team, and five of his players arrived back from Europe today on the steamship Mongolian from Southampton, the other members of the team having prolonged their stay abroad.

"The Canadians who beat us in the Olympic final are a fine lot of men," said McCormick. "We have no excuses to offer. Captain Frederickson of the Falcons told us that we were the only ones who had thrown a scare into his fellows. The utmost good fellowship prevailed between the teams."

Small Acreage

COLWOOD—3½ acres, 3-room house; water laid on $1,260

TWENTIETH CENTURY BATHING REVUE

Will Be Big Feature in Orpheum Bill Tonight—Other Worthy Entertainers on Programme

A somewhat different vaudeville diversion is that of Bothwell Browne with his bathing beauties and the Browne sisters who will appear at the Orpheum tonight, Saturday matinee and night, as a headline attraction. Bothwell Browne has assembled a noted twentieth century revue of bathing girls, the like of which has not been seen on any local vaudeville stage. The Browne bathing queens have made a terrific hit wherever they have appeared. The act consists of a songalogue interspersed with many dances and a pantomimic version of a Biblical story. One of the big features of the act is the story of the dance of jealousy. A score or more of pretty girls will be found in this act.

Albert Lloyd and Clay Crouch as the Southern gentlemen will have the stage to themselves for the entertainment of the audience for about one-quarter hour, when they will establish the fact that they have made a new name for themselves in vaudeville. The skit they offer will provide a wholesome line of comedy.

An amusing episode founded upon the science of domestic harmony will be found in "Home, Sweet Home," as presented by Ernest Anderson and Marjorie Burt. This sketch has made for itself a name rather more than ordinary where it has appeared, and provides some hilarious comedy on the part of the admiring wife who submits to the morning grouch of her husband. As usual, the woman wins.

"Some Showers" is the title of the billing appended to the names of George Fox and Zella Ingraham. This is a happy combination sent over the Orpheum circuit with but one idea in mind—that of high-class entertainment. Miss Ingraham is a sister of the late Herbert Ingraham, a noted composer of popular songs.

As a novelty, fancy rope spinning will make a decided appeal as presented by Texas and Walker in their demonstration of pastimes on the Three Cross Ranch. With stage settings particularly apropos of the situations evolved, ranch life is portrayed in a manner not overdone and for that reason is particularly pleasing.

Swain and Ostrom come heralded as one of the best acts in vaudeville. They are newcomers to the Pacific Coast as far as it applies to the great Northwest. Their act is one that is bound to please and may be counted upon as one worthy of Orpheum vaudeville.

That wise old saw that says that "a whistling girl or a crowing hen never came to any good end," has been disproved by Margaret McKee, a California girl. Miss McKee has real art in her whistling, and aside from that, she adheres to many bird songs which have made her noted throughout vaudeville circles. The bill will close with the usual film exposition and an orchestral offering.

VARIETY THEATRE "Piccadilly Jim," Owen Moore's first Selznick Picture, which is showing at the Variety Theatre, is a sparkling comedy—a picturization of Pelham Grenville Wodehouse's story which, in its original form, appeared in The Saturday Evening Post, and won nation-wide popularity. As a photoplay the satire is said to be even funnier than when it was splitting the sides of several million readers a week. Owen Moore lends to the title role a remarkable sense of comedy values which serves to draw from each scene every single bit of humor that the author wrote into it, and sometimes just a wee bit more. The star's portrayal of the light-hearted, care-free, irrepressible youngster who rollicks into trouble and rollicks out again is one of the finest bits of acting that the screen has ever known. Zena Keefe plays opposite Mr. Moore and her work is remarkable. It is by just such sterling work as this that she won the honor that is to be hers in 1920, when she is to be starred in a series of Selznick Pictures. The rest of the cast is proportionately adequate, the artistic interiors and beautiful exteriors, charm the eye, and the direction leaves nothing to be desired.

ROMANO THEATRE One of the many charming features in "Mickey," showing at the Romano Theatre today and tomorrow, is a pet squirrel who will go straight to the hearts of all the children. And "children" serves a good alibi for Ma and Pa, for most of these things that are "for children" are like the toy railroad that little Johnny gets for Christmas and never gets a chance to play with because his father has it all day. The squirrel does a comedy scene with a pet bulldog that is delightfully natural. Mickey's bull terrier makes one dive for the squirrel and Brer Squirrel stands not on the order of his going. He beats it for dear life. Mickey wears boy's clothes during the first part of the play and the squirrel sprints up her trouser leg. The hero tries to save the lady from the squirming squirrel, and his gallant efforts look very peculiar to Mickey's foster father, who hastens up bent on murder and sudden death. And then he sees the squirrel and joins the rescue party. And, by the way, Mickey ought to get the Iron Cross for her courage. Pshaw! Any girl might lead an army like Jeanne D'Arc, or just save children in burning houses, or jump off cliffs, or any little thing like that. But to let a pet squirrel run up your clothes! Goooo! If there were a call for volunteers to save the country by letting rats run up dresses, the only answer would be a roll falling away in the distance.

COLUMBIA THEATRE Constance Talmadge has a bright comedy role in her latest Select Picture, "Experimental Marriage," in which she is presented by Lewis J. Selznick, and which is showing all this week at the Columbia Theatre. The picture is adapted from William J. Hurlbut's satiric comedy, "Saturday to Monday," which was so successful as a stage play. The story satirizes a familiar type of girl who takes up any theory or cause that happens to strike her as original, and who, while in the throes of her work, sacrifices the convenience of everyone else to her ideas. The heroine of this story is loved by a commonsense young man who wants to marry her. She doesn't believe in marriage, however, because it entails the sacrifice of her personal liberty. She finally strikes a compromise whereby she will live with him over the week-ends and by herself the rest of the time. On this basis they are married. Starting from this central situation the play develops into a rapidly moving farce, filled with amusing and surprising turns of plot. The picture is an excellent example of what is best in present day comedy and is full of original punch and sparkle.

DOMINION THEATRE It was one of those unaccountable tricks of fate that brought Nazimova, the great Russian actress, who is now appearing in "Stronger Than Death," a picturization of the novel by I. A. R. Wylie, to this country for the first time. She left Russia as leading woman in Paul Orelenoff's company to tour the continent in repertoire. Her most frequent appearances were in "L'Aiglon," "Zara," "Camille," "The Second Mrs. Tanqueray," and several of Ibsen's plays. Mack Sennett's latest discovery and addition to the rank of his company of funny people, is John Henry, Jr., who, although very diminutive in size, is right there when it comes to ability as a comedian. The noted comedy producer is famed for his skill in picking "sure-fire" comedians, but this latest find is rather an unusual one. He possesses a funny little smile and a winning personality. The picture is also shown at the Dominion this week.

PANTAGES THEATRE There is an abundance of real entertainment at the Pantages this week, with all the variety one could wish for. There are three headline attractions, and three other turns that are so good it is difficult to choose between them. Pretty girls attractively gowned, catchy song numbers and clean and refreshing comedy patter feature "His Taking Way," a musical satire on the movies. It is one of the liveliest acts on the circuit, and as a "girl" act stands in a class by itself. More brilliant comedy is provided by Walter and Emily Walters. In a ventriloquial novelty entitled "The Baby's Cry," and Willa Holt Wakefield, who offers "Everyday Songs for Everyday Folks," is an artiste of unquestioned ability. Three other attractive turns and the fourth instalment of the popular screen serial, "The Adventures of Ruth," complete the splendid array of entertainment material offered.

JACK DEMPSEY AT COLUMBIA ALL NEXT WEEK

As might be expected, Jack Dempsey, star of the Pathe serial, "Daredevil Jack," which will be seen at the Columbia Theatre next week, has made a "barrel" of money during his fighting career. What may not be suspected, however, is the fact that Jack has not blown in his fortune foolishly.

When the Dempsey fist had landed its owner at the top of the heap and made him heavyweight champion of the world, Jack did not take a day off to buy diamond cuff links or a fleet of high-powered motor cars or a lake of champagne. He cast himself in the role of Santa Claus, instead. To his father he presented a 527-acre ranch costing about $53,000; to his mother he presented a $48,000 home in Salt Lake City, and in addition deposited $50,000 in a bank to her credit. He set his brother, John Dempsey, up in the oil business in Texas, gave him $1,000 and told him to make good, and established his brother Jim in an automobile accessory business in Oregon.

The added attraction at the Columbia next week will be "Blind Husbands," the Universal photo-drama of the Tyrolean Alps, which is showing all next week and is one of the most elaborate photoplays ever screened. It gives one an intimate glimpse of life among the clouds. Eric Stroheim wrote the play directed its production, and stars as the villain.

Stomach and Liver Trouble

Once the liver fails to filter the poisonous bile from the blood, there is a clogging up and poisoning of the whole system which causes many troubles to arise. Therefore, upon the liver, more than any other organ of the body, depends the general health.

Carelessness and neglect, and oftentimes willful disregard of nature's laws will put the system out of sorts. The bowels become constipated, the liver inactive and the stomach upset. To bring the system back to its normal state, you should take Milburn's Laxa-Liver Pills. They liven up the liver, get the bowels back to their proper condition and tone up the stomach.

Mrs. G. L. Cackett, Enchant, Alta., writes: "I have used Milburn's Laxa-Liver Pills and have found them good for both stomach and liver troubles. I have told others about your valuable medicine and they have used them with good results.

"They are also good for headache."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

MUSIC AND DANCING AT AFTERNOON EVENT

Ladies' Musical Club Holding "The Dansante" at Alexandra Club on Saturday

Five well-known artists are announced as taking part in "The Dansante" programme being given on Saturday afternoon at the Alexandra Club, under the auspices of the Ladies' Musical Club. The event aspires to the splendid standard set by the society on the occasion of the one and only previous entertainment of the kind given during the year, viz., that at Government House while Lady Barnard was chatelaine there. Mrs. Gideon Hicks and Mrs. Robert Baird are acting as joint conveners of the affair this time, and have secured the following talent for the short concert programme which is to precede the dancing: Miss Mary Isard, violinist; Miss Mona Misener, vocalist; Miss Monica Davie, pianist, and Messrs. Robert Morrison and D. C. Hughes, singers. Miss Dorothy Scott will act as accompanist.

The musical part of the programme will commence shortly after 3 o'clock. Dancing is to commence at 4, and will continue until 6. The public is cordially invited to patronize the event, the last of the club season, the proceeds of which will go to the Ladies' Musical Club funds.

HUCKLEBERRY FINN FILMED AT DOMINION

Mark Twain's immortal story of Huckleberry Finn has been transformed to the screen in a great Paramount-Artcraft production.

Beloved Mark Twain lives again in "Huckleberry Finn," which has been presented on the screen for the millions who have laughed over the immortal works of the great American humorist. It will be shown at the Dominion Theatre for all next week. Not only was every character selected with the utmost care by Director William Taylor with a view to adhering strictly to every type associated with "the one and only" Huck, but the Mark Twain atmosphere was carried out in every detail.

The film version of "Huckleberry Finn" follows closely the adventures of the beloved vagabond.

LECTURES ON WORK OF ENGLISH ARTIST

Dr. Hasell Last Evening Talked to the Island Arts and Crafts Club About Pictures by Miss Ravenhill

The general monthly meeting of the Island Arts and Crafts Club was held last evening, with a good attendance of members present to listen to the president's talk on the paintings and drawings of Miss Ravenhill. Dr. Hasell emphasised the necessity of good draughtsmanship in the would-be artist, quoting Turner as an example; he then pointed to the drawings before the members, indicating how perfect these were in this respect, while the beauty of coloring was also commented on at some length.

The lecturer told briefly something about Miss Ravenhill's preparatory work as a student. She studied in three studies, first with Mr. Leonard Lewis from about 1875 to 1882; then with Paul Knaftel, 1880-1891; and finally with Mr. Eduard Rischgitz from 1891 to 1902. As a student at the Royal School of Art she was the first woman to win the prize for architecture. Her first exhibits at this time in the London Gallery at the age of 20, were mentioned in The Times by the well known Tom Taylor, and she continued as exhibiter at the Royal Academy, the Grosvenor Gallery, and at the leading Provincial exhibitions, most of her pictures being of that finished type which appeal to all tastes and which, therefore, find ready sale. The major part of her work has been in water color, but she has also made an enviable name as a worker in charcoal, sepia, and etchings on copper.

NEW CANADIAN CENT TO APPEAR TOMORROW

OTTAWA, May 13.—Authority has been given for the issue of the new Canadian cent on and after May 15. The coin will not, however, actually be in circulation until toward the end of the month.

The cent will be slightly larger than the Canadian 10-cent piece, or three-quarters of an inch in diameter. It will bear the following design: Obverse Impression: His Majesty, crowned in relief, consisting of head and bust, appearing the royal robes and looking to the left, with the inscription: George V. Dei Gra: Rex et Ind. Imp.

Reverse impression: The words, One Cent, supported by a Maple Leaf on either side and bearing the word Canada above, and the date of the issue below.

INDIANA REPUBLICANS SPEAK ON TREATY

INDIANAPOLIS, Ind., May 13.—Charging responsibility to President Wilson for the delay in ratifying the peace treaty, and welcoming it as an issue in the election campaign, the resolutions committee of the Republican state convention, in session here today, submitted its report to the delegates. It declared "absolute opposition to the Covenant of the League of Nations as submitted by the President," and fully approved of the action of the Republicans of the Senate in resisting its adoption.

The report further put the Republican party on record as in favor of a world court "to administer international justice," and for the "judicial settlement of international disputes."

FAVORING PREMIER FOR WASHINGTON POST

LONDON, May 13.—Sir Robert Borden is the most favored coadjutor with Sir Auckland Geddes as the first direct Canadian representative to Washington. Sir George Perley is also mentioned, his nominators neither confirming nor denying the rumor that he has been approached on the matter.

The Pall Mall Gazette, commenting on the appointment of a Canadian minister plenipotentiary to the United States, says:

"It is important that the organization of the Empire rests virtually upon such an alliance. Mr. Bonar Law may say it involves no departure from the principle of diplomatic unity of the British Empire, but it is our traditional way to take these things in a kind of semi-consciousness. Constitutional history will recognise the change for a landmark."

TORONTO, May 13.—As a result of a speech by R. L. Brackin, West Kent, in the Legislature, it is practically decided that the Ontario Temperance Act will be amended so that breaches may be tried "by and" appeals from convictions heard by county judges. Heretofore police magistrates have been the only administrators of the Ontario Temperance Act, and the only tribune of appeal was the Ontario Board of License Commissioners.

ELLIOTT'S DEFENCE IN LIBEL SUIT

Statement of Defence in Libel Proceedings Started by Premier Oliver Filed in Registry Office Yesterday

The statement of defence in the libel proceedings recently initiated by the Hon. John Oliver against Mr. R. T. Elliott, K.C., was yesterday filed in the office of the Registrar of the Supreme Court. The proceedings have been started on account of a libel alleged to be contained in the new famous telegram sent by the defendant to the Premier in the last hours of the recent legislative session. The statement of defence reaffirms the allegations contained in the telegrams, and denies that these constitute any cause for legal action by the Premier. The statement is as follows:

1. In answer to the whole of the statement of claim herein, the defendant says that it discloses no cause of action.

2. The defendant admits the statements contained in paragraph one of the statement of claim herein, and in further answer to the whole of the said statement of claim says that every communication made by the defendant in respect of the matter alleged in the said statement of claim was made to the plaintiff direct in his official capacity, and was true, and related solely and exclusively to matters pending before the Legislative Assembly of the Province of British Columbia, and necessarily requiring and calling for investigation and inquiry by and on behalf of the said Legislative Assembly as one of the factors affecting proposed legislation then pending before the Legislative Assembly aforesaid, and that every such communication was true in substance and in fact, and necessary for truly informing the said Legislative Assembly in respect of matters then pending before it and was and is absolutely privileged and necessary, and that the plaintiff in his individual capacity has no right of action against the defendant in respect of communications made by the defendant direct to the plaintiff in his official capacity and directly concerning, relating to and affecting legislation pending before the Legislative Assembly of British Columbia and introduced and advocated by the plaintiff, and that the statement of claim does not disclose any cause of action which the plaintiff is entitled to maintain.

3. The defendant denies each and every allegation contained in paragraph three of the statement of claim herein and in further answer to the said paragraph three says:

4. On or about 13th April, 1920, writs were issued out of the Supreme Court of British Columbia claiming a declaration that the Dolly Varden Mines Railway Act Amendment Act, 1919, was ultra vires the Legislature of British Columbia and a nullity, and also claiming substantive relief in respect of matters occuring in purported exercise of powers alleged to have been created and conferred by the said Act, such writs being issued by and on behalf of the Dolly Varden Mines Company, whose properties were affected and for whom the defendant acted.

5. Immediately thereafter the defendant caused inquiries to be made as to whether any further legislative action was contemplated in the premises and the plaintiff stated that no further legislation in the premises would be introduced.

6. On the evening of 15th April, 1920, the defendant attended at the editorial offices of the Sun newspaper in the City of Vancouver, British Columbia, and learned that the plaintiff was then submitting to his party caucus legislation ousting the jurisdiction of the said Supreme Court over and in respect of all properties claimed and owned by the Dolly Varden Mines Company, and that the Legislative Assembly would prorogue within twenty-four hours, and there being no time to present any formal protest or petition in the premises otherwise than by telegraphic communication, the defendant wrote and sent to the plaintiff in his official capacity a telegraphic message in the words following:

"Hon. John Oliver, Premier:

"The influence brought to bear upon the Oliver Government in attempts to secure further legislation affecting property rights in Dolly Varden mines constitutes direct lobbying for fraudulent purposes, being wilful attempts to substitute forces of secret, illicit lobbying for open public administration.

"No system of government can be honestly conducted which places the forces of its legislative majority at disposal of secret lobbyists.

"No amount of assertion and no force of declamation will convince the general public that the reason of acceding to the demands of secret lobbyists can be other than corrupt and fraudulent.

"The public administration of justice by permanent tribunals responsible to, and governed by, maturely considered principles and rules of jurisprudence is one of the vital factors of every British domain, and the suggestion that legislative action based on secret lobbying is necessary for the protection of any group of men, constitutes an admission that these men have fallen into evil ways and that the Government proposing such legislation has been unable to withstand wicked and corrupt influences.

"Legislative action cannot deny access to courts of justice to any claimant, except with the purpose of preventing such claimant from obtaining justice, and legislative action for that purpose will necessarily be fraudulent and corrupt.

"These matters are thoroughly understood by the general public, who are fully aware of the dangers involved in legislation based on secret lobbying, and who knew that no such legislation could be obtained by any individual without money and influence.

"Such an individual would be told to bring his claim before courts of justice and not to endeavor to turn the Legislature into a tribunal for an adjustment of individual claims.

"Therefore, legislation interfering with the course of pending litigation passed as a result of secret lobbying by men possessed of money and influence, carries with it to every reader the certain knowledge that fraudulent and wicked influences have been successful in imposing their will upon the Government and its legislative majority. One of the strongest protests made by the Liberal party against preceding Government was that government was carried on in secret caucus, giving effect to financial wishes of political friends.

"You preached against this practice very strongly yourself and now in the dying hours of the session, as a result of secret caucus and secret lobby, introduce measures closing access to courts of justice in direct betrayal of Liberal principles and in direct abandonment of your pledges to the people who elected you.

"R. T. ELLIOTT."

7. On or about midnight of 16th April, 1920, the plaintiff introduced in the Legislative Assembly and advocated the passage of a bill or act ousting the jurisdiction of the courts as above explained, and instead of advising the Assembly as to his true reasons for introducing and advocating such legislation, misled and deceived the Assembly and made a violent and vitriolic personal attack on the defendant, imputing to the defendant malpractices and wicked and vicious courses, and injuring the defendant in professional and personal standing.

8. On the morning of 17th April, 1920, the defendant learned of these circumstances, and, the Assembly being then within a few hours of the announced time of prorogation, there was no time to present any formal protest or petition in the premises otherwise than by telegraphic communication, and the defendant therefore wrote and sent to the plaintiff in his official capacity a telegraphic message in the words following:

"Hon. John Oliver, Premier.

"Your explanation to Legislature at introduction of further Dolly Varden legislation omits two important facts which are, first, that two weeks ago I asked you for particulars of moneys received from sale of Dolly Varden open, and you obtained these particulars and found them so startling you suppressed them.

"Second, about a week ago you stated in the presence of one of the members of the Legislature that there would be no further Dolly Varden legislation, and your statement was definite, emphatic and unconditional.

"What right had you to withhold these facts from the Legislature?

"Referring to myself, you know when you addressed Legislature, and have known for some months, that I was acting for the Dolly Varden Mines Company, and for no one else and your statement to the contrary was a deliberate, wilful lie, made with intent to deceive the Legislature and thereby to procure the passage of legislation introduced by you under pressure of secret, illicit and fraudulent lobbying.

"This is not the first time you have deliberately deceived the Legislature, and with your permission further instances will here be given.

"When Brewster cabinet was being formed, all papers in connection with John T. Scott case were entrusted to you for perusal and report, and your report made to Mr. Brewster in my presence was that evidence existed that proved beyond all question Mr. Macdonald's responsibility for actions of John T. Scott.

"Shortly thereafter you are found sitting and acting as colleague of Mr. Macdonald in Brewster cabinet, and deliberately assisting in deceiving Legislature and public into belief that charges against Mr. Macdonald were inventions.

"Then came the charge about the Mackenzie campaign contribution, and you knew before the charge was made that Mr. Macdonald had received the money, and you had acquiesced in his handling of it.

"When Mr. Macdonald arose in the Legislature you were sitting there and heard him and concurred in his denial, for you had full knowledge of the facts, and his denial was your denial, for you were under the same oath of office and same duty to the Legislature as he was.

"You were willing Legislature should be deceived, and you also kept silence when judicial commissioner was appointed, and then when crash came and Macdonald was dismissed from cabinet, you allowed him to bear entire blame and actually deceived Legislature into believing you had no previous knowledge of the money, whereas, in fact, you had full knowledge and acquiesced in every step of Macdonald's up to time of judicial inquiry.

"Then two men, Petley and Keith, were notified to appear before you in respect of large land areas in North, with a view to ascertaining what portions of land they represented should be taken for returned soldiers.

"In course of resulting proceedings, you made personal examination of such lands and selected some for yourself, abandoning the lawful reason for your presence, namely, to find lands suitable for soldier settlement, and the result was that agreement to deliver certain lands to you at nominal price served to protect large area from soldier settlement.

"R. T. ELLIOTT."

9. All the statements contained in each of the said telegraphic messages were true in substance and in fact; were of plain and certain intent and meaning, not capable of any inuendo or insinuation; were made to the plaintiff direct in his official capacity, and the plaintiff was the official introducing and advocating the passing of the legislation, and was necessarily the person to whom the defendant should, and did, send such telegraphic message by way of protest against the passing of the pending legislation, and by way of protest against the misleading and deceiving of the Legislature, in the premises.

10. The plaintiff chose his own time for introducing the said legislation, and having chosen the dying hours of the session of the Assembly, when the only possible method of protest and communication was by telegraphic message, cannot found any cause of action upon any alleged publication to officers, agents, or servants of a telegraph company, as the matters set forth in the said telegraphic messages were of actual and necessary importance, and information to the Assembly in and about the consideration of the pending legislation.

11. Without restricting the generality of the foregoing allegations, the defendant says that there was an active lobby for the passage of the legislation affecting the properties of the Dolly Varden Mines Company of the nature described in the said telegraphic messages, and that substantial sums of money were disbursed in connection with said lobby.

12. In further answer to said paragraph three of the Statement of Claim herein, the defendant says that the portions of the telegraphic messages therein set forth that have been detached by the plaintiff from a telegraphic message, necessarily and properly sent to him in his official capacity, are absolutely privileged and do not confer upon the plaintiff any cause of action, and are true and are of plain meaning, and not capable of any innuendo or extension by way of inference, and deal with a matter which would be a factor in enabling the Legislative Assembly to decide whether or not it was being properly advised when asked to enact the pending legislation aforesaid; and the words complained of do not contain anything false or malicious, and were not published, but were sent to the plaintiff direct in his official capacity, being matters which it was his duty to lay before the Assembly aforesaid.

13. The defendant denies each and every allegation of fact contained in paragraph four of the Statement of Claim herein, and in further answer to said paragraph four repeats the statements contained in paragraphs nine and ten of this Statement of Defence.

14. The defendant denies each and every allegation of fact contained in paragraph five of the Statement of Claim herein.

15. In further answer to said paragraph five of the Statement of Claim herein, the defendant says that J. S. Cowper, therein mentioned, being a member of the Legislative Assembly, should be and was necessarily informed of all the matters contained in the said telegraphic messages as being factors necessarily to be considered by him in connection with the pending legislation aforesaid, and that the plaintiff cannot have or maintain any cause of action in the premises.

16. The defendant denies each and every allegation of fact contained in paragraph six of the said Statement of Claim, and in answer thereto says in further answer to the words of the Statement of Claim, says that the plaintiff was at all material times by means of untrue and misleading statements, and by the suppression of material facts, and by knowingly assisting in endeavoring to persuade the Legislative Assembly to enact pending legislation against which it was the duty of the defendant to protest, and that every such protest having been necessarily sent by telegraphic communication to the plaintiff direct in his official capacity, the plaintiff has not been injured, has not suffered any damage, and has no cause of action in the premises whatsoever.

Filed and delivered this 13th day of May, A.D. 1920, by H. H. Shandley, of the firm of Elliott, Maclean & Shandley, 804 Central Building, View street, Victoria, B.C., Solicitors for the Defendant.

To: The Plaintiff, and to Joseph Oliver, Esq., his solicitor.

MISREPRESENTATION SAYS PREMIER OLIVER

Denies There Was Any Private Arrangement Between Himself and Major Retallack as to Latter's Engagement.

"I am quite prepared to discuss on the public platform with Major Retallack all points he sees fit to raise in connection with his appointment as Public Utilities Commissioner, and it won't take me long to deal with him," asserted Premier Oliver yesterday afternoon, in referring to the charges which the head of the former Utilities Commission has seen fit to make in communications to the press, and also at the recent meeting of the Board of Trade at Vancouver.

The Premier stated that he had hardly had time to go into Major Retallack's complaints. With references to the latter's statement intimating that the Premier had made a private arrangement to the effect that the Major should be appointed for a term of ten years at a salary of $7,500 a year, the Premier turned up the Act passed at the 1919 session of the Provincial Legislature to show that it was therein provided that the term of office for the commissioner to be named should be ten years at a salary of not less than $6,000 nor more than $7,500, the commissioner to be removable for cause.

"There was no private arrangement, the term of office and salary were fixed by the Legislature," said the Premier. "If he suggests he had any private arrangement with me he suggests something that is not true. I have something more important to attend to than waste my time over the whinings of a man who has lost his job by the almost unanimous vote of the Legislature, a vote that was not even a party one," declared the Premier.

FISHERIES RESEARCH MAY BE INSTITUTED

OTTAWA, May 13.—Formation of an international scientific council for fisheries research between Canada, the United States and Newfoundland will be discussed at a convention of the Canadian Fisheries Association in Vancouver on June 3, 4 and 5.

The president and national secretary, of the association, A. H. Brittain and Capt. T. W. Wallace, are in Ottawa to invite Hon. C. C. Ballantyne and officials of the Fisheries Department to the convention which will be attended by delegates from the fishing industries of the Atlantic Coast and the Great Lakes as well as of the Pacific Coast.

The more extensive utilization of fish for food and the organization of fisheries colleges for the training of returned soldiers and others in the industry will be discussed at the convention.

Exconvict Taken to New York

CHICAGO, May 13.—Detectives left Chicago early today with Arthur Ecrement, of Montreal, wanted in New York in connection with a $2,500,000 bond theft plot.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" stamped on tablets positively identifies the only genuine Aspirin, the Aspirin prescribed by physicians for over nineteen years and now made in Canada.

Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains and Pain generally.

There is only one Aspirin—"Bayer"—You must say "Bayer"

Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

MRS. SANFORD'S MESSAGE TO WORKING WOMEN

Laurel, Miss.—"Eight years ago I was suffering with pains and weakness caused by a female trouble. I had headaches, chills and fevers, and was unable to do my work part of the time. Lydia E. Pinkham's Vegetable Compound was recommended to me and I took twelve bottles of it, and my health has been good ever since. I am able to run the machine and do dressmaking besides my housework. You are at liberty to publish my letter if it will help some poor suffering women."—Mrs. J. C. SANFORD, 1257 Second Ave., Laurel, Miss.

Thousands of women drag along from day to day in just such a miserable condition as was Mrs. Sanford, or suffering from displacements, irregularities, inflammation, ulceration, backache, sideache, headache, nervousness, or "the blues."

Such women should profit by Mrs. Sanford's experience and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, and find relief from their sufferings as she did.

For special suggestions in regard to your ailment write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their long experience is at your service.

Get Your Share of this Shooting Game

—get your part of its enjoyment. Make trap shooting your hobby. Every man needs relief from the grind of business—a relaxation from the nerves tension of toil.

And trap shooting is the game that relaxes, excites, fascinates, that tones up the nerves and clears the mind—the game that someone has described as "a bumper from the fountain of youth."

Get out today. Make this your after-office sport—your Saturday play—your hobby. And when you go to the traps be sure you take

Dominion Shot Shells

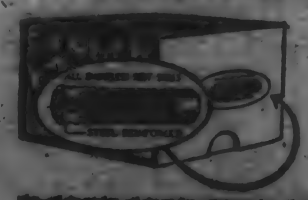

There is a shell to suit your gun and a load to meet your idea of what a shot shell should be in either Canada, Sovereign or Regal shells. All Dominion Shells are dependable and accurate and steel reinforced, to insure full protection to the shooter.

Take these shells to the traps—you'll find many high score men using them. They are guaranteed and identified by the big "D" trade mark.

DIOCESAN W.A. IS IN ANNUAL SESSION

Meetings Commenced Yesterday and Continuing Today at Christ Church Schoolroom—Reports to Date

Holy Communion was celebrated by the Very Reverend the Dean of Columbia at 10 o'clock yesterday morning at the opening session of the sixteenth annual meeting of the Columbia Diocesan Branch of the Woman's Auxiliary to the Missionary Society of the Church of England in Canada. There was a very large attendance of members, and the Dean preached on the Message of the Ascension, which festival fell on the day. Assisting clergy were Archdeacon Sweet and Reverends Fatt and Hughes. At this service the annual thankoffering is always presented, and this year it amounted to $500, a sum which goes to the training of missionaries.

The business session convened at 11:45 in the schools, with the Diocesan president, Mrs. D. H. Belson, in the chair. On the platform were also the honorary president, Mrs. Scriven, and Mrs. Luxton took her seat as vice-president. Nearly every Diocesan officer responded to the roll call, and business included reports of recording secretary, treasurer, corresponding, and leaflet secretaries. There are 550 subscribers to the "Leaflet Letter," which is now printed on better paper, but continues at the same price till next year. The Church Embroidery Guild has donated $25 to pledges, and their beautiful work has been sent to six mission churches, and also to Wabasca, Athabasca Diocese, and one order filled for a Vancouver church.

The Prayer Partner secretary has 29 missionaries on her list, and 21 partners. Her report was an urgent call to service of intercession. One lonely worker in the great Northland asks for prayers and interest and instances were given of the value of this service. The meeting then adjourned for luncheon at the Y. W. C. A.

BRITAIN UNAWARE OF IRON RESOURCES

Continued from Page 1

government embargo being placed on export of coal, in order to provide for the needs of home consumption. Labor was working two hours less a day for increased wages and plant capacity had been correspondingly reduced.

Electric Process Interesting Experiment

An opinion was asked on the success of smelting by electrical processes. "I should say that this method of reducing ore is an interesting experiment," said Sir John. "Naturally we steel men are very much interested in such a method, but I have not yet heard of its being a success in a large commercial way. You must realize that there is a very great difference between a laboratory experiment and a large commercial undertaking. I would not say too much about the success of the electric furnace. Some day, perhaps, it may be a great success. But it is not the sort of an undertaking that I should imagine large capital would go into at the present time."

World Iron Hungry

In respect to markets, Sir John said that the world was "savagly hungry for iron products of every kind." Nothing like the present demand was ever experienced in history, he intimated, but, by the same token, never had it been so difficult to produce. When the Orient was mentioned specifically as one of the probable markets for the proposed British Columbia production, the speaker was a little less enthusiastic. He pointed out that China possessed an enormous supply of the raw product and Japan was already in the producing field in a large way. She had her finger on the greater part of the iron ore of the Orient, he had been given to understand when there only a few weeks ago, and he should say that iron manufactured on this side of the Pacific would find the competition very discouraging there. However the rest of the world was truly a market of unlimited possibilities.

Based on Old Country conditions, Sir John estimated that two millions sterling would establish a comprehensive plant, including the coking, smelting and steel making phases. It could be established in progressive units so that revenue might be obtained relatively from the beginning of the operations. At that he estimated that five years would be consumed before pig iron could be turned out on a commercial scale and possibly close to ten years before the products of the steel rolling mills would be ready for market on a large scale. It would take time and courage, but at that he thought the world would welcome a development of the sort in British Columbia, providing the conditions were right here for economical production.

Sir John Randles will be in the city for several days yet, before proceeding East, where he has a mission to lay before the Government at Ottawa, in reference to the International Parliamentary Commercial Conference.

Fire in Old Premises—Fire, believed to have been caused by a lighted cigarette or cigar butt being cast among a quantity of rubbish, started in the old Rainier Hotel premises, lower Johnson Street, yesterday afternoon, at three o'clock, and damage aggregating less than $500 was done, chiefly in the attic. The tin roof on the place hindered the firemen in their efforts to put out the blaze. The roof was badly damaged. The premises have been vacant, but it is believed some parties have been using one or two of the rooms as sleeping quarters.

Hundreds Visit Display—Attendance at the Loan Exhibition now on view in the auditorium of the Provincial Library, is increasing rather than falling off, and visitors, many of whom are just passing through the city or making a brief stay here, express great pleasure at the character of the display. Judging by the numbers of catalogues that have been sold some 1,800 people have been over at the exhibition. Arrangements are being made for short talks or pictures on the different classes of art represented in this collection, and Dr. Hasell will speak on pictures; Mrs. Napier on lace, and Miss Eve on the "Old Masters."

A GIFT

combining Luxurious Beauty and Everyday Utility

NOTHING receives such close inspection and appraisal as the Wedding Present—not only by the Bride and Groom themselves—but by all the guests.

HOLMES & EDWARDS Silverware is welcome as a practical, sensible gift, of course. But in addition it possesses that exclusive, exquisite beauty and superlative quality which set it apart—a gift delightfully distinctive and everlastingly prized.

HOLMES & EDWARDS is the highest-priced silverware made.

It is superior in craftsmanship and finish. And in the five staple pieces—those most frequently used—it is *protected* at the wear points.

Your Jeweller has an interesting showing of suitable presentations—in those dignified, pleasing patterns which convey an inexpressible touch of refinement.

"SILVER INLAID" (Set of six teaspoons, $4.75) On the back of the bowl and handle—just where the wear comes—a piece of pure silver is welded in. Because of this protection the even beauty of Holmes and Edwards Silverware is not marred by use.

"SUPER PLATE" (Set of six teaspoons, $4.00) Holmes & Edwards Super-Plate is presented at the wear points, including the tip of the bowl, by an extra heavy coat of silver. This double plating means added service and satisfaction.

WOULD INCREASE CHINESE TRADE

Consul-General at San Francisco in Address Suggests Means of Cultivating Business With His Country

SAN FRANCISCO, May 13.—Greater means of transportation and communication between the United States and countries of the Far East would result in increased trade between these two portions of the world, as comparative lack of these facilities alone has hampered proper development of commerce on the Pacific, delegates to the seventh annual convention of the national foreign trade council were told here today by Chu Chao Hain, Chinese consul-general in San Francisco.

Mr. Chu pointed out that the existence of only one cable between America and the Orient and the fact that there were no facilities for wireless communication across the Pacific without relay had hampered interchange of commodities in the past. He urged that the delegates advocate the establisment of more cables and more powerful wireless apparatus.

Despite this handicap, trade between China and the United States has steadily increased in the last decade, and indications were that the increase would continue, Mr. Chu said.

"The general subject of this convention is 'the effect of being a creditor nation,' but the United States is not a creditor but a debtor nation in its relations with China," Mr. Chu said. "And America should be content to remain a debtor nation respecting China, because the purchasing power of the Chinese people is steadily increasing because of the abnormal gold and silver exchange situation."

Mr. Chu advised American manufacturers to approximate more closely to the tastes and customs of China than had been done in the past. He pointed out "a growing menace" to American foreign trade in the resumed competition of European powers, whose exports were restricted during the war.

He advised American manufacturers to send men to China to study the commercial situation, markets, customs and tastes of that country, and to compare their products with those of European manufacturers which have proved popular. He said samples of American goods should be displayed in Chinese cities to afford consumers an opportunity of becoming familiar with them, and advised that American industrial motion pictures be distributed to American consuls, commercial attaches and through the Chinese Government as an educational measure.

Girls! Girls!! Clear Your Skin With Cuticura

CHINAMAN BECOMES ANGLICAN CLERGYMAN

VANCOUVER, May 13.—Rev. George Lem Yuen, said to be the first native Chinaman to become a clergyman in the Dominion of Canada, was ordained a priest of the Church of England today by Bishop de Pencier.

Rev. George Yuen has been a resident of British Columbia for the past twenty years, and has done excellent work in the Chinese mission field for many years under the supervision of the Anglican Church.

Bishop de Pencier also ordained into the priesthood Reverends G. C. Brown and E. A. Morrant, while Messrs Albert Holmes, F. C. Wade and J. Stewart Torkington were made deacons of the church.

Waterways Commission

WINNIPEG, May 13.—The international joint commission on waterways will hold two sittings in Winnipeg to hear evidence on the proposed deepening of the St. Lawrence and the Welland canal and the creation of a highway for ocean steamships from the head of the lakes. The first sitting is on Saturday, May 15, and the second on Monday following.

Saskatchewan Referendum

REGINA, May 13.—Monday, October 25, will see the fate of John Barleycorn settled in this province, as on that date the referendum will be taken to determine whether liquor imports shall be legal or not.

Farm Help Scarce

SARNIA, Ont., May 13.—Shortage of farm help is keenly felt throughout rural localities of Western Ontario. So acute has this become that a largely decreased acreage sown is the alternative resorted to.

POWER SCHOONER ISKUM

Power Schooner Iskum Going to Bering Sea

Local Craft Sold by Clayoquot Sound Canning Co. to Siberian Commercial Co. of Seattle, for Trading in North—Built Under Supervision of Late Premier Brewster

To engage in trading to the Bering Sea and probably to the Siberian Coast, the well-known Victoria power schooner Iskum has been purchased by the Siberian Commercial Company from the Clayoquot Sound Canning Company, through J. L. Beckwith, manager of the latter concern.

The staunch little craft has been picked from among many others as particularly suited to the dangerous work of the Northern seas where ships sometimes must battle their way through the icefields. Ofttimes they are caught in the ice jams and crushed to pieces. A strong hull so shaped that the ice cannot grip its sides easily is essential for the work. The dangers of navigation in Northern seas is amply demonstrated by the losses of last year, when several well-known trading craft and the famous Casco were wrecked.

The Iskum was built on Coal Harbor, Vancouver, in 1912, for the Clayoquot Sound Canning Company under the personal supervision of the late Mr. H. C. Brewster, member of the firm and later Premier of British Columbia. Mr. Brewster had a wide knowledge of shipbuilding, having been raised in his father's shipyard on the Bay of Fundy.

Had Varied Experience

The Iskum has been used in the halibut fishing off the West Coast of the Island and also as cannery tender for the Clayoquot Cannery. As the C. P. R.'s steamer Princess Maquinna seldom called at the plant the Iskum carried supplies and men up there, and brought canned salmon and pilchard back. She went into the halibut fishing last year, but this was not a success and she was tied up where she underwent a thorough overhaul. She was then chartered for some time and finally laid up for the Winter at Vancouver, where she is at the present time.

The Department of Marine was negotiating with the owners of the Iskum some time ago with the idea of using the boat as a tender to look after navigation aids. It was finally decided to build two new motor-boats instead.

Will Change Registry

The power schooner came into the limelight through her crew sueing the C. P. R. for a sum of money to pay for services rendered when the Princess Adelaide ran ashore at the entrance to Active Pass over 18 months ago. The boat carried passengers and mail to a steamer standing by. The matter went to the courts and the Iskum's complement received remuneration.

The Siberian Commercial Company operates boats from Seattle to Stewart, as well as to the Bering Sea.

Trading in the Sea had been always carried on by small auxiliary craft. The Iskum will probably be "steel barked," as the sheathing with protective metal is called.

THE LADY REPORTER IS LEFT ON BOARD

Member of Staff Starts for Australia, But Induces Liner to Put Back—Facts Come to Light

With that bashfulness and fear of publicity which those connected with the exploitation of the deeds of others are frequently wont to display she had successfully concealed the following facts:

Our Lady Reporter had created a dramatic situation and considerable excitement, and yet for several weeks the truth had not reached the ears of the rest of the staff. She had been the cause of a good news story and yet she had not told us. Which makes it a duty and pleasure on the part of the rest of the staff to tell the facts.

Our Lady Reporter went aboard the Australian liner Makura, which lay at the Outer Docks at a time that ship was shortly to steam for the Antipodes. Our Lady Reporter accompanied another well-known Victoria lady who was "seeing somebody off." They went below to look things over, having been told that the ship sailed in half an hour. In ten minutes they came on deck to find the ship off the end of the pier and backing steadily seaward. Frantic waves to the officials on the dock made it known to those individuals that someone wanted very badly to get ashore. They in turn communicated by equally frantic signals with the bridge of the Makura and the ship put back. From the end of the gangplank held out over the deck two ladies dropped once more into the commonplace, and dreams of seeing the dreamy shores of harmonadvertised Hawaii, or New Zealand and Australia were blotted out.

But that's not all. The Makura got out from the dock again when a couple of passengers who had gone uptown to make a purchase arrived on the scene and waved frantically for their boat to come back. It did so. What the captain said is not known, but the line of argument which he utilised might be on reflection approximately arrived at.

WHISTLE HOLDS UP PRINCESS VICTORIA

Delayed Hour and Half at Seattle—Rumored Whistle Was Called Out by Union Officials

When the steamer Princess Victoria didn't put in an appearance from Seattle until an hour and a half after her scheduled time yesterday afternoon inquiries were made at the C.P.R. office. "Trouble with her whistle," was the answer. "Aw, now! cut it out. Tell me, what was the matter—lose her wheel? Wait for somebody? Some of men quit? Hit something? Engine trouble? What happened?"

No, gentle follower of the waterfront doings, nobody was getting his leg pulled; nobody was being joshed. The Princess Victoria did have trouble with her whistle. It wouldn't sound. And no skipper wants to be wandering about without being able to attract the world's attention when he wants to. Suppose a fog happened or something got in the road, or any of the situations that call for a blast on the whistle should take place! Shudder, gentle follower of the news. Just what was the matter with the whistle is a company secret. Perhaps it held a union card and had been called out on strike. Perhaps it wanted the eight-hour day. Be the reason what it may, the whistle's importance can now be more fully realized.

Eludes British Authorities

NEW YORK, May 12.—Dr. Patrick McCartan, one of the chief lieutenants of Eamonn de Valera, self-styled president of the Irish Republic, has just returned to New York, after a trip to Ireland, having successfully eluded the British authorities going and coming. He left the United States in March on a mission for de Valera, it is said.

NAVAL YARD WORKMEN QUIT JOBS TONIGHT

The Engineering Department Closes—Stores Department Will Continue to Handle Supplies

The workmen of the Esquimalt Naval Yard will pass out of the gates tonight, and for the present will not return. About eighty men will be affected, these being in the engineering department. The yard has been told by Ottawa to keep most of the office men on. The whole of the stores department staff will remain to look after the large quantities of supplies for the Hong Kong station and for the fisheries boats, which come through Esquimalt. A couple of clerks remain in the engineering department.

No seals have yet been located off the coast by the fisheries protection boats which are to escort the herd North. Reports some time ago that the herd had been located were false, but the Malaspina is now off the West Coast investigating a recent report. The Armentieres is in Hecate Strait on fisheries protection work. The Thiepval lies at the coal wharf, Esquimalt. She will be loaned to Inspector Cunningham for use in the fisheries service, commencing May 20. The Stadacona is away on a cruise with cadets from the Royal Naval College on board.

The survey ship Lillooet has been delayed in getting away for her season's work through equipment not arriving. The Restless, recently turned over to the Hydrographic Survey, is now at Quatsino, carrying on survey work.

GOVERNMENT SHIPS BRING GOOD PROFIT

OTTAWA, May 13.—A total profit of $1,406,767 on operation of the Government merchant marine from the commencement of the service on March 1, 1919, to December 31, 1919, is shown in the annual report of the Canadian Government merchant marine, tabled in the House yesterday.

The report shows that 19 of the 63 ships contracted for by the Government were delivered during 1919. About 100,000 deadweight tons of shipping is in operation, with 280,530 deadweight tons still in the course of construction. The work is being done in Canada at different shipyards.

Government ships made 23 trips to the West Indies last year, three to South America, 11 to the United Kingdom from Atlantic and three from Pacific ports, two trips to French ports and five to Newfoundland.

NAVAL PRIZE MONEY

It has been decided to begin an immediate distribution of the money at present available in the British Naval Prize Fund, amounting to over five and a half millions. The value of a single full share earned by thirty months' qualifying service is 50s.

Payment to naval officers and men still serving with the British Fleet and in Naval Establishments will be undertaken forthwith.

Payment to discharged and to demobilized officers and men to the representatives of those deceased who are eligible to participate will begin early in June. No applications made before the issue of such notice can be dealt with, nor can correspondence on the subject be replied to.

WILL HOLD SHIP

The Pacific Coast Steamship Company's boat Governor, which is to leave Seattle on Saturday night for California without calling here, will be held at the dock until any Victoria passengers who make the trip to Seattle on the C.P.R. boat leaving Saturday afternoon are safely aboard. The C.P.R. steamer leaves Victoria at 4:30.

TYNDAREUS DELAYED

The Blue Funnel liner Tyndareus, which was scheduled to call from Seattle today, calling here on the way out to the Orient, is delayed by the longshore strike on Puget Sound, and will not get away for some days yet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight. The figures for height serve to distinguish High Water from Low Water. Where blanks occur in the tables, the tide rises or falls continuously during two successive periods without turning.

The height is in feet and tenths of a foot, above the average level of lower Low Water.

Esquimalt—To find the depth of water on the sill of the Dry Dock at any tide, add 18.9 feet to the height of High Water as above given.

Loans to Manitoba Farmers

WINNIPEG, May 13.—The Provincial Government has loaned the farmers of Manitoba $164,000 so far this year for the purchase of seed wheat.

WINNIPEG GRAIN MARKETS

WINNIPEG, May 13.—Offerings on the cash grain market today were extremely light and the market was generally quiet with no urgent demand for any of the grains. Oats spreads were quoted at ½ to 1 cent better, with no demand for the straight grades and a fair demand for toughs. The volume of business recorded in barley was very light, with cash flax and rye neglected entirely.

Oats closed ⅝-cent lower for May, July 1 cent down and October ½-cent lower; barley 1⅜ cents lower for May and 1½ cents down for July; flax 5¾ cents higher for May and 1½ cent up for July; rye 7 cents down for May.

Quotations:

	Open.	High.	Low.	Close.
Oats—				
May	11[illegible]	11[illegible]	11[illegible]	11[illegible]

Lower Prices for Victory Bonds Give Investors High Yields

Victory Bond Prices were changed again on May 5. The prices of the various issues are as follows:

VICTORY 5½% BONDS

Maturity.	We Buy At	We Sell At	Yield Per Cent.
1922	98	99	5.95%
1923	98	99	5.80%
1927	98½	99½	5.57%
1933	98½	99½	5.55%
1937	100	101	5.42%
1924	97	98	6.00%
1934	95	96	5.92%

Add to above Prices Accrued Interest to date of purchase or sale.

These lower Prices for Canada's First Securities make the 1924's and 1934's particularly attractive from an investment standpoint, as in normal times these Bonds should be several points above the prices quoted.

We would be glad to arrange purchases or sales in accordance with the above.

$5000 — MOSS STREET—Here is absolutely what you are looking for in the way of a bungalow, all on one floor, and every convenience for the housewife who does her own work. This home contains small Reception Hall, with archway leading to the Living Room. In this room is a large open fireplace, panelled walls, beamed ceilings. From this room one passes through an archway to the Dining Room, which has panelled walls, beamed ceiling, built-in buffet. The Kitchen is Dutch, has all the built-in cupboards, etc. The Breakfast Room is back of the Kitchen, and a very convenient room. There are two nice bright Bedrooms with clothes closets in each. The Bathroom is between the two Bedrooms and is finished in white enamel. Basement is full size and boarded. Hot air furnace. Garage. Garden nicely laid out in lawn and flowers. The lot next can be purchased at a very moderate price; quite suitable for tennis lawn.

$6000 — OAK BAY—Six-roomed bungalow, all the rooms on one floor, and on the best street in the municipality, surrounded by good homes and only three minutes' walk to the car. Containing large Living Room, with large open fireplace; archway leading to the Dining Room, built-in features; Kitchen and Pantry. There are three good Bedrooms with clothes closets in each; full size cement basement and hot air furnace. The lot is nicely treed and well laid out. Terms can be arranged for you.

$8000 — OAK BAY—Charming two-story residence situated on two lots, studded with oak trees and flowers, and in splendid locality. This home contains large Reception Hall, panelled, and open fireplace; large Living Room with open fireplace; Dining Room, beamed ceiling, built-in buffet, open fireplace; Pass Pantry; Kitchen; large Den, open fireplace, built-in bookcases; also Laundry Room off the Kitchen. On the second floor are three large Bedrooms, one having running water and connected with the Bathroom; clothes closets in each Bedroom. There is also another room which could be used as a Bedroom, opening to a Sleeping Porch. Garage. Full size cement basement, hot air heating, toilet and Chinaman's room. Terms to arrange.

$15750 — FOUL BAY—Residence of seven rooms, commanding an uninterrupted view of the mountains and Straits; contained in one acre of ground, laid out in garden and terraces. Containing large Reception Hall, which has beamed ceiling, open fireplace. Drawing Room, open fireplace and alcove, walls being especially well decorated. Den, open fireplace. Dining room with all the modern built-in features and fireplace. Pass Pantry and large Kitchen. On the second floor are three large Bedrooms, with clothes closets in each; running water in one, and one open fireplace. Large Sleeping Porch. This home is thoroughly well built in every way, such as plate glass windows, hard wall plaster, etc. Garage.

$4750 — JUST OFF FOUL BAY ROAD—Are you looking for a real bungalow, and one that you do not have to spend anything on? All the rooms are on the same floor and conveniently arranged, and a home I can recommend in every way. It contains Entrance Hall, archway to the Living Room, which has large open fireplace, archway leading to the Dining Room, panelled walls, beamed ceiling, built-in buffet; large Dutch Kitchen and modern in every detail. Three nice Bedrooms with clothes closets in each. The floors in the Living Room are of HARDWOOD. The woodwork, walls and floors are in first-class order. The Basement is full size, boarded, and has hot air furnace. Terms.

H. AMPHLETT   G. C. HOWELL

$1800—SMART superior little bungalow of four well arranged rooms. Every room is newly decorated in good taste, lower walls finished in leatherette; reception room, two bedrooms, kitchen and pantry, light and water. Delightful garden, replete with flowers, shrubs and vegetables; good chicken run and run. On the two and a quarter mile circle, here is the brightest, cleanest and happiest home in the city.

$2500—FIVE-ROOMED bungalow with open fireplace, three small but good bedrooms, nice bright living room and good kitchen, bath and toilet. House recently repainted, and in good shape, garden with chicken pen and run; one minute from street car. $500 cash, balance as rent.

$2750—SIX-ROOMED bungalow, open fireplace, sliding doors, three good bedrooms, fine kitchen, bath and toilet; basement with furnace. Situate on mile circle. This is remarkably good buying with $500 cash, balance easy.

$3250—FIVE-ROOMED California bungalow, with lots of window light and broad veranda, fine entrance hall with mirrored door in visitors' clothes closet, reception room with open fireplace and built-in features; dining room panelled, beamed and built-in buffet; two bright bedrooms freshly tinted, and bathroom finished in white enamel, $1,250 cash, balance easy.

$4500—SEA FRONTAGE HOME—50 x 200 feet. Fine 8-room house, very pleasant and spacious living room and verandas overlooking sea. This house has every modern convenience and is particularly well built. The price is well below market value, but this estate must be closed up immediately.

$5500—OAK BAY, near car and sea, 7-room up-to-date semi-bungalow, nicely treed lot. The whole tone of this house is homelike and comfortable; exceptionally well constructed, which means economy in fuel, and good health for the family. This is the last chance to secure a real home in this favored district at a reasonable price, less than builders' cost.

$5500—BUYS 1½ ACRES, ALL PLANTED in productive garden and orchards; over 40 bearing fruit trees in splendid condition, and all varieties of small fruits. Modern 4-room house, bath, pantry, open fireplace, cement basement, well-built stables and chicken houses. This property is delightfully situated at Mount Tolmie, near city car lines.

$7000—THE choicest of choice seven-roomed homes standing high in most delightful part of Linden Avenue; beautiful reception and dining rooms with cheerful open fireplaces, den with open fire and built-in features; bedrooms with dressing room, fine kitchen, bath, etc. Basement with furnace. Ruud heater, garage; attractive lawn with roses, shrubs and plants. At the price quoted this house has no equal in the city.

$10500—DALLAS ROAD—Superbly built residence of 10 rooms, hot water heating plant, oak floors, 2 bathrooms, shower bath, etc.; water piped into dressing rooms, power vacuum cleaner installed, in fact every labor saving device is found in this home. There are unusual built-in features, such as dressing tables and full length mirrors. The panelling effect in the hall and reception rooms is exceptional; 2 large reception rooms, dining room and spacious entrance hall opening into each other, besides the usual offices are contained in the ground floor. The bedrooms are well lighted and airy. The basement is fully cemented. Well built garage. The view over the Straits and Olympic Mountains can never be obstructed. This house cost $15,000 to build, when building was reasonable.

GILT EDGE VALUES

$2700—Charming five-room bungalow, fully modern, situate close to beach and car. Living room contains fireplace, beamed ceiling, panelled walls with plenty of light. Dining room is large and well lighted. The two bedrooms are large, nicely decorated and well lighted. The kitchen is pleasing with all built-in effects. Basement is full size, cemented, with two wash trays and piped for furnace. The lot is the ordinary size, nicely fenced. We consider this away below present day values. $600 down, balance to suit.

$3550—One of the finest five-room bungalows in the city. Right up to the minute and one that would please the most exacting. We would like to show you this. Terms upon application.

$3000—Seven-room semi-bungalow, just outside city limits; extra good value; clear title. Can give liberal terms.

$2300—A splendid four-room bungalow, fully modern and nicely situated. Owner must sell. Reasonable terms.

We have a number of other houses ranging from $1,000 up. Call and see our list.

DELIGHTFUL COUNTRY HOMES

H. AMPHLETT G. C. HOWELL

5½ ACRES—Modern Bungalow, containing 6 rooms, bath, pantry, toilet, wide verandas, hot and cold water; delightful home site. Half of the land is seeded to clover; large vegetable garden, strawberries, small fruits, orchard. Five minutes' walk to railway station, stores, P. O., bank, schools, etc. Price $5,000.

20 ACRES—Six-room bungalow, fully furnished, hot and cold water, open fireplace, wide veranda commanding extensive views. The furniture in this house is very attractive. There are some particularly nice pieces. Good barn and outbuildings, modern chicken houses for 300 head with wired runs. Chinaman's house and piggeries, some hens and stock go with the farm. School, station and store within mile. We invite your inspection of photo of house at our office, and state without fear of contradiction that this is the greatest bargain ever offered at $4,500.

6½ ACRES, All Cultivated, and fenced with chicken-proof Page wire. New 3-room house and basement, barns and outbuildings; abundance water. HOUSE FULLY FURNISHED. Delightful location, near sea. $2,500. Owner will accept good fishing boat in part payment.

4 ACRES—DELIGHTFULLY ARRANGED and absolutely modern bungalow of 6 rooms, open fireplaces, beam ceilings, panelled walls, bath, toilet, excellent water supply under pressure to house and outbuildings. Two acres are in very attractive gardens, lawns and orchards, the balance is in parked timber. The location is most desirable. In fact, we consider it to be one of the prettiest homes on the Saanich Peninsula and only a few minutes' walk from electric station and the sea. Price is remarkably low at $6,000.

FARMS FOR SALE 59

BEAUTIFUL Cowichan Lake property—31½ acres, all good land, 660 feet waterfrontage, would make fine farm, ranch, or homesite. Phone 4011 or Box 2671, Colonist.

GENTLEMAN'S Residences, No. 1—Most commanding view in Victoria district, with substantial acreage and 11-roomed house with two baths, three toilets, electric water pump. In most artistic section of Victoria suburbs. Splendid cottage for gardener. House 9 years old. Would cost $18,000 today. Land alone cost present price (and was bought cheap). As residence or as investment this is a real opportunity. Price $30,000. Terms to right party.

2—NEAR Duncan. Picturesque and delightful property. Very convenient to shooting and fishing. Has every modern convenience. Special features. Tennis and golf very close to property. Substantial acreage. Most desirable residence with large living room, specially designed fireplaces, six bedrooms, gun room, servants' quarters and other rooms. The outbuildings include splendid garage, gardener's cottage, stable and barn. House is lighted with acetylene gas. There are plenty of ornamental shade trees, a beautiful lawn and plenty of scope for cultivation of land if desired. Price $20,000.

WENDELL B. SHAW & CO.
316 Central Bldg.

NOTE—We think we can satisfy with our offerings the most exacting client who may be interested in city or country residences. Correspondence invited.

GORDON Head—10 acres, cultivated, tile drained, 5-room cottage; $7,500, terms. Apply Colonist Box 9684.

A POULTRY FARM AS A GOING CONCERN

IF you are looking for a small poultry farm, with or without stock, we have it. Five acres good land, all cleared, water laid on to house and garden, and a creek running through the property. A 4-roomed bungalow, barn and large chicken house, all in good condition; the property is alongside the main road, over which cars run to and from the city several times daily. Price, without stock, is $2,500 on terms. Stock can be bought for cash if desired.

Phone 6208 122 Pemberton Bldg.

Vienna was a place of importance even in Roman times, when it bore the name Vindobona.

LAND REGISTRY ACT
Section 24

IN THE MATTER of part of Suburban Lot 51, Esquimalt District, (known as Lot 4, Map 61).

PROOF having been filed in my office of the loss of the Certificate of Title No. 1236-A to the above mentioned lands in the name of James Bissett, and bearing date the 28th day of April 1884, I hereby give notice of my intention at the expiration of one calendar month from the first publication hereof to issue a fresh Certificate of Title in lieu of such lost Certificate.

Any person having any information with reference to such lost Certificate is requested to communicate with the undersigned.

Dated at the Land Registry Office, Victoria, B.C., this 21st day of April 1920.

FRANK J. STACPOOLE,
Registrar-General of Titles.

THE CORPORATION OF THE TOWNSHIP OF ESQUIMALT

Tenders will be received by the undersigned not later than 5 p.m. on Monday, the 17th inst., for the construction of a 5-room bungalow on Lampson Street, Esquimalt. Plans and specifications can be obtained from the Engineer, Municipal Hall, Esquimalt.

Lowest or any tender not necessarily accepted.

Tenders must be accompanied by certified cheque for 5 per cent of the amount of the tender.

G. H. PULLEN, C.M.C.
Municipal Hall, Esquimalt, B.C., May 11, 1920.

NOTICE

Corporation of the District of Saanich

On and after May 12 and until further notice, on account of repairs, the Gorge Bridge will be closed to all traffic.

By Order,

J. E. MILNE,
Municipal Engineer.

IN THE MATTER OF JULIUS BARRAN, DECEASED, LATE OF SHAWNIGAN LAKE, BRITISH COLUMBIA.

NOTICE is hereby given that all persons having any claims against the late Julius Barran who died on the 5th day of March, 1920, at Victoria, are required to send by post to the undersigned Solicitors for the trustees under the will of said deceased, their names and addresses and full particulars in writing verified by Statutory Declaration of their claims, and the nature of the securities if any held by them.

AND TAKE NOTICE that after the 20th day of July, 1920, the said trustees will proceed to distribute the assets of the said deceased among the persons entitled thereto, having regard only to the claims of which they shall have notice, and they will not be liable for the said assets to any person of whose claim they shall not then have received notice.

Dated the 20th day of April, 1920.

CREASE & CREASE,
410 Central Building, Victoria, British Columbia, Solicitors for the Trustees.

THE SOLDIER SETTLEMENT BOARD of Canada

Tenders are invited for the purchase of the following described land, namely, Lot Two (2) in a certain subdivision of Section Seventeen (17) Lake District, as shown on a map or plan of said subdivision deposited in the Land Registry Office at Victoria, B.C., and there numbered two thousand one hundred and twenty-three (2123), the said lot containing by admeasurement four (4) acres.

There are on the property the following buildings:

Dwelling House, 30x30, five rooms
Barn, 30x60
Piggery, 18x20
Cow Stable, 18x20
Woodshed, 12x20
Various Outbuildings

At least twenty (20) per cent of purchase price must be paid down at time of conveyance.

All particulars may be obtained from Land Department, Soldier Settlement Board, Room 217, Pemberton Building.

M. V. McGUIRE,
District Superintendent,
Soldier Settlement Board.

NOTICE

Notice is hereby given that all persons having any claims against the late Alexander Jack, who died at the City of Victoria aforesaid on the 27th day of March, 1918, are required to send by post, prepaid, or to deliver to the undersigned, Administrators of the Estate of the said Alexander Jack, their names and addresses and full particulars in writing of their claims and statements of their accounts and the nature of the securities, if any, held by them.

And take notice that after the 7th day of June, 1920, the undersigned will proceed to distribute the assets of the said Deceased among the persons entitled thereto, having regard only to the claims of which it shall then have notice, and that the undersigned will not be liable for the said assets or any part thereof to any person of whose claim it shall not then have received notice.

Dated at Winnipeg, Manitoba, this 7th day of May, A.D. 1920.

THE IMPERIAL CANADIAN TRUST COMPANY,
356 Main Street, Winnipeg, Manitoba,
Administrators of the Estate of Alexander Jack.

NAVIGABLE WATERS PROTECTION ACT

R.S.C., Chapter 115

The Corporation of the City of Victoria hereby gives notice that it has, under Section 7 of the said Act, deposited with the Minister of Public Works at Ottawa, and in the office of the Registrar-General of Titles for the Land Registry District of the County of Victoria at the City of Victoria, Province of British Columbia, a description of the site and the plans for a Railway and Traffic Bridge proposed to be constructed across a portion of Victoria Harbour from the foot of Johnson Street to the lands formerly known as the Songhees Indian Reserve.

And take notice that after the expiration of one month from the date of the first publication of this notice, the Corporation of the City of Victoria will, under Section 7 of the said Act, apply to the Minister of Public Works at his office in the City of Ottawa for approval of the said site and plans and for leave to construct the said bridge.

Dated at Victoria, British Columbia, this twenty-seventh day of April, 1920.

THE CORPORATION OF THE CITY OF VICTORIA,
By H. S. Pringle, City Solicitor.

STENOGRAPHERS

An examination for junior and senior stenographers will be held on Saturday, May 29th, 1920, in Vancouver, Victoria, New Westminster and such other points as there may be five or more candidates.

Candidates must be British subjects, residents of Canada for at least one year, of the full age of seventeen years, and not more than thirty-five years of age.

Applications to write will be received up to noon, Friday, May 21st, 1920. Application forms and full particulars may be obtained from the undersigned or from any Government Agent.

W. H. McINNES,
Civil Service Commissioner.
Victoria, B.C., April 19th, 1920.

LOCAL EXCHANGE

Local banks yesterday quoted sterling as follows: Buying at $4.[illegible]; selling at $[illegible].

MONEY AND EXCHANGE

LONDON, May 13.—Bar silver [illegible] per ounce. Money 5¾ per cent. Discount rates: Short bills 6¾ per cent; three months bills 6 11-16@6¾ per cent.

NEW YORK, May 13.—Sterling exchange weak at $3.75 for 60-day bills and $3.[illegible] for demand. Canadian dollars, [illegible]; Belgian francs, 7.85; French francs, 7.49; Italian lire, [illegible].

Call money easy; high 10; low 8; ruling rate 7; closing bid 10; offered at 10; last loan 10. Bank acceptances 6.

Sterling recovered slightly on the late dealings. Sixty-day bills, $3.77½; commercial 60-day bills on banks, $3.77½; commercial 60-day bills, $3.77; demand $3.81½; cables $3.81¾.

MONTREAL PRODUCE

MONTREAL, May 13.—Eggs steady; no development in price of potatoes; butter dull; cheese steady.

Cheese—Finest Easterns, 29½@30c.
Butter—Choicest creamery, 54@55c.
Eggs—Fresh, 45c.
Potatoes—Per bag, car lots, $4.

SELLING CONTINUES ON MODERATE SCALE

Stocks Sell Off Slightly on Small Volume of Trading—Industrial Unsettlement Is Chief Cause

NEW YORK, May 13.—The same factors or influences which have combined against constructive effort or bullish initiative in the stock market during the last few days were operative again today, although in less pronounced form.

Trading was light and pressure of liquidation almost ceased after the early dealings. Further enforced offerings were reported, however, from centres where industrial unrest, credit curtailment and adverse transportation conditions have created pessimism.

In the stock market the steels, motors, oils, textiles, leathers and shippings rose and fell within a moderate radius, losses of large fractions to 1 point predominating at their top-heavy close.

Sales amounted to 765,000 shares.

While investment issues continued sound, according to leading banking interests, the bond market lost ground, with new low records in some. International bonds were the only exceptions to the lower trend. Total sales, par value, $10,250,000. Old U. S. bonds unchanged on call.

The "Sellers" Kitchen Cabinet

Has a Place for Everything

—The "Sellers" Kitchen Cabinet is, without a doubt, the most perfect time-saving and labor-saving Kitchen Cabinet made for Canadians today, and a veritable treasury of convenience for the busy housewife.

—You open the left-hand door to find a metal flour container that holds the contents of a 49-lb. sack. This container, hung by an ingenious attachment, may be lowered to table height, filled, and then returned to its regular position as easily as it was lowered.

—There is also a glass sugar retainer that fills from the top, and is fitted with an attachment at the bottom that allows you to withdraw any quantity of sugar desired. There are metal racks, drawers and cupboards, a sliding bake board of spotless white enamel that will not rust or tarnish; gravity catches close every door, and the drawers are fitted with crystal glass pulls. The wood is Eastern hardwood, finished in natural, golden brown, and the interior of drawers and cupboards is finished in white enamel.

A perfect Kitchen Cabinet, at prices ranging from $75.00 to $105.00.
—Call and see them.
